

NECK/SHOULDER SIZING BUSHINGS - SHORT ACTION CUSTOMS 6MM GT 0.266" SIZING BUSHING

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

The Neck/Shoulder Sizing Bushings from Short Action Customs are made for use in their Modular Sizing Dies. These are cartridge specific sizing bushings that allow you to dial in the correct amount of bump while also fully sizing the neck of the cartridge. These new bushings address the inherent flaws with the old sizing system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 H900 stainless steel, then processed with the same heat treat as the Precision Resizing Dies. These neck/shoulder bushings have an incredibly smooth inside finish paired with an extremely slick external finish from heat treat.

Attributes

- Name: [SHORT ACTION CUSTOMS 6MM GT 0.266" SIZING BUSHING](#)
- Manufacturer: [SHORT ACTION CUSTOMS](#)
- Product no.: 100050185

NECK/SHOULDER SIZING BUSHINGS SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the Neck/Shoulder Sizing Bushings from Short Action Customs. This guide provides essential safety instructions to ensure the proper and safe use of this product. Please read this document carefully before using the sizing bushings to maximize safety and performance.

General Safety Guidelines

- Ensure that all users are familiar with the product and its intended use.
- Always wear appropriate safety gear, including safety glasses and gloves, when handling and using the sizing bushings.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the sizing bushings for any signs of wear or damage before use.
- Do not attempt to modify or repair the sizing bushings. Contact a professional for any necessary repairs.

Specific Safety Precautions for Use

- Use only with compatible Modular Sizing Dies from Short Action Customs.
- Ensure that the sizing bushings are properly installed in the die before use.
- Do not exceed the recommended cartridge specifications when using the sizing bushings.
- Avoid using excessive force when resizing cartridges to prevent damage to the bushings or the die.
- Store the sizing bushings in a dry, cool place to prevent corrosion and damage.

Instructions for Installation and Usage

1. Installation:

- Ensure that the Modular Sizing Die is clean and free from debris.
- Carefully insert the sizing bushing into the die, ensuring it is seated properly.
- Secure the die according to the manufacturer's instructions.

2. Usage:

- Prepare your cartridges according to standard reloading practices.
- Insert the cartridge into the die with the sizing bushing installed.
- Gently raise the press handle to begin the resizing process.
- Monitor the resizing process closely, ensuring that the cartridge is sizing correctly without excessive force.
- After resizing, remove the cartridge and inspect it for any irregularities.

Disposal Instructions

- Dispose of any damaged or worn sizing bushings in accordance with local regulations.
- Do not dispose of the bushings in regular household waste. Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any safety inquiries or support regarding the Neck/Shoulder Sizing Bushings, please refer to the

manufacturer's contact information provided with the product packaging.

Conclusion

By following these safety instructions and guidelines, you can ensure the safe and effective use of the Neck/Shoulder Sizing Bushings from Short Action Customs. Always prioritize safety and consult professionals if you have any questions or concerns about the product. Thank you for your commitment to safe reloading practices.
