

# NECK/SHOULDER SIZING BUSHINGS - SHORT ACTION CUSTOMS

## 6MM GT 0.267" SIZING BUSHING

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

The Neck/Shoulder Sizing Bushings from Short Action Customs are made for use in their Modular Sizing Dies. These are cartridge specific sizing bushings that allow you to dial in the correct amount of bump while also fully sizing the neck of the cartridge. These new bushings address the inherent flaws with the old sizing system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 H900 stainless steel, then processed with the same heat treat as the Precision Resizing Dies. These neck/shoulder bushings have an incredibly smooth inside finish paired with an extremely slick external finish from heat treat.

### Attributes

- Name: [SHORT ACTION CUSTOMS 6MM GT 0.267" SIZING BUSHING](#)
- Manufacturer: [SHORT ACTION CUSTOMS](#)
- Product no.: 100050186

# NECK/SHOULDER SIZING BUSHINGS SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for choosing the Neck/Shoulder Sizing Bushings from Short Action Customs. This guide provides essential safety instructions to ensure the safe use of this product. Please read this guide carefully before using the sizing bushings to understand the general safety guidelines, specific precautions, installation instructions, and disposal information.

## General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Always handle the sizing bushings with care to avoid injury.
- Keep the bushings out of reach of children and vulnerable individuals.
- Inspect the bushings for any damage before use. Do not use if damaged.
- Follow all manufacturer instructions and guidelines during use.
- Report any unsafe products or accidents to the appropriate authorities.
- Keep updated on recall notices via the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Wear appropriate safety gear, including safety glasses, when using the sizing bushings.
- Avoid contact with sharp edges to prevent cuts or injuries.
- Ensure that the workspace is clean and free from clutter to prevent accidents.
- Do not exceed the recommended sizing specifications for your cartridges.
- Use the sizing bushings only with compatible Modular Sizing Dies.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the Modular Sizing Die is clean and free from any debris.
- Select the appropriate Neck/Shoulder Sizing Bushing (e.g., 0.267").

### 2. Installation:

- Carefully insert the sizing bushing into the Modular Sizing Die.
- Ensure that the bushing is seated properly and securely.
- Tighten any locking mechanisms as specified in the Modular Sizing Die instructions.

### 3. Usage:

- Place the cartridge case into the die with the sizing bushing.
- Operate the die according to the manufacturer's guidelines, applying consistent pressure.
- Monitor the process to ensure the neck is sized correctly without excessive force.

### 4. PostUsage:

- Remove the cartridge case from the die after sizing.
- Clean the sizing bushing and die after each use to maintain performance and safety.
- Store the sizing bushings in a safe and dry place, away from children.

## **Disposal Instructions**

- Dispose of any damaged or worn sizing bushings in accordance with local regulations.
- Recycle packaging materials where possible.
- Do not dispose of the product in household waste if it can be recycled.

## **Contact Information for Further Support**

For safety inquiries or additional support regarding the Neck/Shoulder Sizing Bushings, please refer to the contact information provided on the product packaging or the manufacturer's website.

Thank you for your attention to these safety guidelines. Your safety is our priority, and we hope you enjoy using the Neck/Shoulder Sizing Bushings from Short Action Customs.
