

# NECK/SHOULDER SIZING BUSHINGS - SHORT ACTION CUSTOMS 6MM DASHER 0.266" SIZING BUSHING

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

The Neck/Shoulder Sizing Bushings from Short Action Customs are made for use in their Modular Sizing Dies. These are cartridge specific sizing bushings that allow you to dial in the correct amount of bump while also fully sizing the neck of the cartridge. These new bushings address the inherent flaws with the old sizing system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 H900 stainless steel, then processed with the same heat treat as the Precision Resizing Dies. These neck/shoulder bushings have an incredibly smooth inside finish paired with an extremely slick external finish from heat treat.

## Attributes

- Name: [SHORT ACTION CUSTOMS 6MM DASHER 0.266" SIZING BUSHING](#)
- Manufacturer: [SHORT ACTION CUSTOMS](#)
- Product no.: 100050188

# Neck/Shoulder Sizing Bushings Safety Instructions

## Introduction

Thank you for choosing the Neck/Shoulder Sizing Bushings from Short Action Customs. These sizing bushings are designed for use with Modular Sizing Dies and are specific to the 6mm Dasher cartridge. This guide provides important safety instructions and guidelines to ensure safe and effective use of the product.

## General Safety Guidelines

- Always read and understand all instructions before using the product.
- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before each use.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Wear appropriate safety gear, including safety glasses and gloves, when handling the sizing bushings.
- Avoid using excessive force when installing the bushings to prevent damage.
- Ensure the Modular Sizing Die is securely fastened before use to prevent accidents.
- Do not exceed the recommended sizing specifications for the cartridge to avoid potential hazards.
- Store the bushings in a dry and secure location to prevent corrosion and damage.

## Instructions for Installation and Usage

### 1. Installation of Sizing Bushings

- Ensure the Modular Sizing Die is clean and free from debris.
- Carefully insert the sizing bushing into the die until it is fully seated.
- Ensure that the bushing is aligned correctly to prevent misalignment during use.
- Tighten any securing mechanisms to hold the bushing in place.

### 2. Usage of Sizing Bushings

- Prepare your cartridge cases by ensuring they are clean and free from any obstructions.
- Insert the cartridge case into the Modular Sizing Die with the sizing bushing installed.
- Operate the press according to the manufacturer's instructions to size the cartridge neck.
- Inspect the sized cartridge for proper neck dimensions and concentricity after sizing.

### 3. PostUsage Care

- Clean the sizing bushings after each use to remove any residue or contaminants.
- Store the bushings in a protective case or container to prevent damage.

## Disposal Instructions

- Dispose of any damaged or worn sizing bushings in accordance with local regulations.
- Do not dispose of the bushings in regular household waste if they contain hazardous materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the Neck/Shoulder Sizing Bushings, please refer to the manufacturer's website or customer support resources. It is important to have access to product support for safety inquiries or additional information.

Thank you for following these safety instructions. Your safety and satisfaction are our top priorities.
