

# NECK/SHOULDER SIZING BUSHINGS - SHORT ACTION CUSTOMS

## 6MM BR 0.265" SIZING BUSHING

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

The Neck/Shoulder Sizing Bushings from Short Action Customs are made for use in their Modular Sizing Dies. These are cartridge specific sizing bushings that allow you to dial in the correct amount of bump while also fully sizing the neck of the cartridge. These new bushings address the inherent flaws with the old sizing system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 H900 stainless steel, then processed with the same heat treat as the Precision Resizing Dies. These neck/shoulder bushings have an incredibly smooth inside finish paired with an extremely slick external finish from heat treat.

### Attributes

- Name: [SHORT ACTION CUSTOMS 6MM BR 0.265" SIZING BUSHING](#)
- Manufacturer: [SHORT ACTION CUSTOMS](#)
- Product no.: 100050190
- Mfr. No.: SAC-6BR265
- Diameter (in): .265
- Delivery weight: 0.045kg
- Shipping height: 25mm
- Shipping width: 102mm
- Shipping length: 178mm

# NECK/SHOULDER SIZING BUSHINGS SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for choosing the Neck/Shoulder Sizing Bushings from Short Action Customs. This guide provides essential safety instructions and guidelines for the safe use of this product. Please read this guide carefully before use to ensure your safety and the proper functioning of the bushings.

## General Safety Guidelines

- Ensure that the Neck/Shoulder Sizing Bushings are used only with compatible Modular Sizing Dies from Short Action Customs.
- Always inspect the sizing bushings for any signs of damage or wear before each use. Do not use damaged bushings.
- Keep the bushings out of reach of children and vulnerable individuals to prevent accidental injury.
- Use the sizing bushings in a wellventilated area to avoid inhaling any dust or particles generated during the sizing process.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling or using the bushings.

## Specific Safety Precautions for Use

- **Potential Hazards:** Sharp edges: The bushings may have sharp edges that can cause cuts. Heavy materials: The bushings are made from stainless steel and can be heavy. Handle with care to avoid dropping.
- **Avoiding Hazards:** Always handle the bushings with care, using both hands when necessary. Do not attempt to modify or alter the bushings in any way. Ensure that the work area is clean and free of obstructions to prevent accidents.
- **Age Restrictions:** These sizing bushings are not intended for use by individuals under the age of 18. Always supervise younger individuals around this product.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your Modular Sizing Die is clean and free from debris.
- Carefully insert the Neck/Shoulder Sizing Bushing into the die, ensuring it is seated correctly.
- Verify that the bushing is securely in place before proceeding to use the die.

### 2. Usage:

- Prepare your cartridges according to the manufacturer's specifications.
- Adjust the die to achieve the desired bump amount while ensuring that the neck of the cartridge is fully sized.
- Monitor the process closely to ensure that the bushings are functioning correctly and that there is no excessive runout.
- After use, carefully remove the bushing from the die and clean it as needed.

## Disposal Instructions

- Dispose of any damaged or worn sizing bushings in accordance with local regulations regarding metal waste.

- Do not dispose of the bushings in regular household waste. Check with your local waste management facility for proper disposal methods.

## Contact Information for Further Support

For any safety inquiries or concerns regarding the Neck/Shoulder Sizing Bushings, please reach out to your local distributor or the manufacturer. Ensure you have the product information available for reference.

## Conclusion

By following these safety instructions, you can ensure a safe and effective experience when using the Neck/Shoulder Sizing Bushings from Short Action Customs. Always prioritize safety and proper handling to maximize the performance of your equipment. Thank you for your attention to these guidelines.
