

NECK/SHOULDER SIZING BUSHINGS - SHORT ACTION CUSTOMS

6MM BR 0.267" SIZING BUSHING

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

The Neck/Shoulder Sizing Bushings from Short Action Customs are made for use in their Modular Sizing Dies. These are cartridge specific sizing bushings that allow you to dial in the correct amount of bump while also fully sizing the neck of the cartridge. These new bushings address the inherent flaws with the old sizing system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 H900 stainless steel, then processed with the same heat treat as the Precision Resizing Dies. These neck/shoulder bushings have an incredibly smooth inside finish paired with an extremely slick external finish from heat treat.

Attributes

- Name: [SHORT ACTION CUSTOMS 6MM BR 0.267" SIZING BUSHING](#)
- Manufacturer: [SHORT ACTION CUSTOMS](#)
- Product no.: 100050192
- Mfr. No.: SAC-6BR267

Safety Instruction Guide for NECK/SHOULDER SIZING BUSHINGS

Introduction

Thank you for choosing the NECK/SHOULDER SIZING BUSHINGS from Short Action Customs. This guide provides essential safety instructions to ensure the safe use and handling of this product. Please read all sections carefully before use.

General Safety Guidelines

- Ensure that you are familiar with all safety instructions before using the product.
- Keep the product out of reach of children and vulnerable individuals.
- Always inspect the sizing bushings for any damage or defects before use.
- Use the product only for its intended purpose as described in this manual.
- Report any unsafe products or accidents to the relevant authorities immediately.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate eye protection when using the sizing bushings.
- Avoid direct contact with sharp edges or points on the bushings.
- Use the bushings in a wellventilated area to avoid inhaling any dust or particles generated during use.
- Do not attempt to modify or alter the sizing bushings in any way.
- Ensure that all tools and equipment used in conjunction with the bushings are in good working condition.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials before beginning installation.
- Ensure that your workspace is clean and organized.

2. Installation:

- Carefully remove the sizing bushings from their packaging.
- Inspect the bushings for any signs of damage.
- Insert the sizing bushings into the Modular Sizing Dies according to the manufacturer's instructions.
- Ensure that the bushings are securely fitted and do not wobble.

3. Usage:

- Follow the specific guidelines for your Modular Sizing Dies to adjust the amount of bump and fully size the neck of the cartridge.
- Monitor the process closely to ensure that the sizing is conducted safely and effectively.
- After completion, remove the bushings and clean them as per the maintenance instructions.

Disposal Instructions

- Dispose of any packaging materials in accordance with local waste disposal regulations.
- Do not dispose of the sizing bushings in regular household waste.
- Check with local authorities for specific disposal guidelines for stainless steel products.

Contact Information for Further Support

For any questions or further assistance regarding the NECK/SHOULDER SIZING BUSHINGS, please consult the contact information provided by the manufacturer or authorized retailer.

Thank you for your attention to these safety guidelines. Your safety is our priority.
