

# NECK/SHOULDER SIZING BUSHINGS - 6.5MM PRC 0.288" SIZING BUSHING

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

The Neck/Shoulder Sizing Bushings from Short Action Customs are made for use in their Modular Sizing Dies. These are cartridge specific sizing bushings that allow you to dial in the correct amount of bump while also fully sizing the neck of the cartridge. These new bushings address the inherent flaws with the old sizing system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 H900 stainless steel, then processed with the same heat treat as the Precision Resizing Dies. These neck/shoulder bushings have an incredibly smooth inside finish paired with an extremely slick external finish from heat treat.

## Attributes

- Name: [6.5MM PRC 0.288" SIZING BUSHING](#)
- Manufacturer: [SHORT ACTION CUSTOMS](#)
- Product no.: 100050193
- Mfr. No.: SAC-65P288
- Diameter (in): .288
- Delivery weight: 0.018kg
- Shipping height: 6mm
- Shipping width: 102mm
- Shipping length: 178mm

# NECK/SHOULDER SIZING BUSHINGS 6.5MM PRC 0.288" SIZING BUSHING Safety Instruction Guide

## Introduction

Thank you for choosing the Neck/Shoulder Sizing Bushings from Short Action Customs. This guide provides essential safety information to ensure the safe use of this product. Please read and understand these instructions before use.

## General Safety Guidelines

- Ensure that all safety precautions are followed when using the sizing bushings.
- Always use the bushings as intended and according to the manufacturer's instructions.
- Inspect the bushings before each use for any signs of damage or wear.
- Keep the bushings out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when handling and using the sizing bushings.
- Avoid using the sizing bushings if they show signs of damage, such as cracks or excessive wear.
- Do not attempt to modify or alter the sizing bushings in any way.
- Ensure that the sizing bushings are compatible with your Modular Sizing Dies before use.
- Handle the bushings with care to prevent injury from sharp edges.
- Use in a wellventilated area to avoid inhaling any fumes from the materials.

## Instructions for Installation and Usage

### 1. Preparation:

- Verify that the sizing bushings are the correct size for your cartridge.
- Clean the bushings with a lintfree cloth to remove any debris or contaminants.

### 2. Installation:

- Carefully insert the sizing bushing into the Modular Sizing Die, ensuring it is seated properly.
- Secure the bushing according to the manufacturer's instructions.

### 3. Usage:

- Follow the recommended procedures for sizing your cartridges, ensuring to monitor the amount of bump applied.
- Regularly check the alignment and fit of the bushings during the sizing process.
- After use, clean the bushings and store them in a safe, dry location.

## Disposal Instructions

- Dispose of any damaged or worn sizing bushings in accordance with local regulations.
- Do not dispose of the bushings in regular household waste if they contain hazardous materials.
- Consider recycling options if available for stainless steel materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the Neck/Shoulder Sizing Bushings, please refer to the manufacturer's website or customer support for assistance.

By following this safety instruction guide, you can ensure a safer experience while using the Neck/Shoulder Sizing Bushings. Thank you for your attention to these important safety measures.
