

NECK/SHOULDER SIZING BUSHINGS - SHORT ACTION CUSTOMS

6.5MM PRC 0.289" SIZING BUSHING

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

The Neck/Shoulder Sizing Bushings from Short Action Customs are made for use in their Modular Sizing Dies. These are cartridge specific sizing bushings that allow you to dial in the correct amount of bump while also fully sizing the neck of the cartridge. These new bushings address the inherent flaws with the old sizing system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 H900 stainless steel, then processed with the same heat treat as the Precision Resizing Dies. These neck/shoulder bushings have an incredibly smooth inside finish paired with an extremely slick external finish from heat treat.

Attributes

- Name: [SHORT ACTION CUSTOMS 6.5MM PRC 0.289" SIZING BUSHING](#)
- Manufacturer: [SHORT ACTION CUSTOMS](#)
- Product no.: 100050194
- Mfr. No.: SAC-65P289
- Diameter (in): .289
- Delivery weight: 0.018kg
- Shipping height: 6mm
- Shipping width: 102mm
- Shipping length: 184mm

Safety Instruction Guide for NECK/SHOULDER SIZING BUSHINGS

Introduction

Thank you for choosing the NECK/SHOULDER SIZING BUSHINGS from Short Action Customs. This guide provides essential safety instructions to ensure the safe use of the product. Please read this document carefully before using the bushings to avoid any potential hazards.

General Safety Guidelines

- Ensure that the NECK/SHOULDER SIZING BUSHINGS are used only for their intended purpose.
- Always wear appropriate safety gear, such as eye protection, when working with reloading equipment.
- Keep the bushings out of reach of children and vulnerable individuals.
- Regularly inspect the bushings for any signs of wear or damage before each use.
- Follow all manufacturer instructions for the Modular Sizing Dies when using these bushings.

Specific Safety Precautions for Use

- **Avoid Overtightening:** Do not overtighten the bushings in the Modular Sizing Dies, as this may lead to damage or malfunction.
- **Check Compatibility:** Ensure that the bushings are compatible with your specific cartridge and Modular Sizing Die model.
- **Use in a WellVentilated Area:** Always use the bushings in a wellventilated area to avoid inhalation of any fumes or particles.
- **Handle with Care:** Use caution when handling the bushings, as sharp edges may be present.
- **Follow Proper Reloading Practices:** Adhere to all recommended reloading practices to minimize the risk of accidents.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including the Modular Sizing Die and the NECK/SHOULDER SIZING BUSHING.
- Ensure your workspace is clean and organized.

2. Installation:

- Locate the appropriate Modular Sizing Die for your cartridge.
- Insert the NECK/SHOULDER SIZING BUSHING into the die, ensuring it is seated properly.
- Secure the bushing according to the manufacturer's instructions, taking care not to overtighten.

3. Usage:

- Adjust the die to achieve the desired amount of neck bump as per your reloading specifications.
- Insert the cartridge case into the die and operate the reloading press according to the manufacturer's guidelines.
- Inspect the resized cartridge for proper neck tension and concentricity.

4. PostUsage:

- Remove the bushing from the die and clean it thoroughly after each use.

- Store the bushings in a safe and dry location, away from moisture and contaminants.

Disposal Instructions

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Do not dispose of the bushings in regular household waste. Check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the NECK/SHOULDER SIZING BUSHINGS, please refer to the manufacturer's contact information provided with your product packaging or visit the manufacturer's website.

Conclusion

By following the safety guidelines and instructions outlined in this guide, you can ensure a safe and effective experience with the NECK/SHOULDER SIZING BUSHINGS. Always prioritize safety and adhere to best practices in reloading. Thank you for your attention to these important safety instructions.
