

# NECK/SHOULDER SIZING BUSHINGS - SHORT ACTION CUSTOMS

## 300 PRC 0.334" SIZING BUSHING

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

The Neck/Shoulder Sizing Bushings from Short Action Customs are made for use in their Modular Sizing Dies. These are cartridge specific sizing bushings that allow you to dial in the correct amount of bump while also fully sizing the neck of the cartridge. These new bushings address the inherent flaws with the old sizing system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 H900 stainless steel, then processed with the same heat treat as the Precision Resizing Dies. These neck/shoulder bushings have an incredibly smooth inside finish paired with an extremely slick external finish from heat treat.

### Attributes

- Name: [SHORT ACTION CUSTOMS 300 PRC 0.334" SIZING BUSHING](#)
- Manufacturer: [SHORT ACTION CUSTOMS](#)
- Product no.: 100050196
- Mfr. No.: SAC-300P334
- Diameter (in): .334
- Delivery weight: 0.057kg

# Safety Instruction Guide for NECK/SHOULDER SIZING BUSHINGS

## Introduction

Thank you for choosing the NECK/SHOULDER SIZING BUSHINGS from Short Action Customs. This guide provides essential safety instructions and information to ensure the safe and effective use of this product. Please read this guide carefully before use.

## General Safety Guidelines

- Ensure the product is used in accordance with the manufacturer's instructions.
- Inspect the sizing bushings for any signs of damage or wear before each use.
- Keep the product out of reach of children and vulnerable individuals.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling and using the product.
- Report any unsafe products or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

### • Potential Hazards:

- Risk of injury from sharp edges or components.
- Risk of improper sizing leading to malfunction or damage to firearms.

### • Avoiding Hazards:

- Always handle the bushings with care to avoid cuts or injuries.
- Ensure that the bushings are compatible with your specific cartridge and sizing die.
- Do not exceed the recommended sizing specifications to prevent damage to the bushing or the cartridge.

## Instructions for Installation and Usage

### • Installation:

1. Ensure that your workspace is clean and free from obstructions.
2. Insert the sizing bushing into the Modular Sizing Die according to the manufacturer's instructions.
3. Secure the bushing in place to prevent movement during use.

### • Usage:

1. Prepare your cartridge and ensure it is clean and free of debris.
2. Adjust the sizing die to achieve the desired bump by turning the adjustment knob.
3. Insert the cartridge into the die and apply even pressure to size the neck.
4. Remove the cartridge and inspect it for proper sizing.
5. Store the sizing bushings in a safe and dry location when not in use.

## Disposal Instructions

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, check for recycling options or designated disposal sites.

## **Contact Information for Further Support**

For any safety inquiries or additional support, please refer to the manufacturer's website or contact their customer service directly. Ensure you have the product details ready for a more efficient response.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safe and effective experience with your NECK/SHOULDER SIZING BUSHINGS.
