

NECK/SHOULDER SIZING BUSHINGS - SHORT ACTION CUSTOMS 308 WINCHESTER 0.333" SIZING BUSHING

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

The Neck/Shoulder Sizing Bushings from Short Action Customs are made for use in their Modular Sizing Dies. These are cartridge specific sizing bushings that allow you to dial in the correct amount of bump while also fully sizing the neck of the cartridge. These new bushings address the inherent flaws with the old sizing system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 H900 stainless steel, then processed with the same heat treat as the Precision Resizing Dies. These neck/shoulder bushings have an incredibly smooth inside finish paired with an extremely slick external finish from heat treat.

Attributes

- Name: [SHORT ACTION CUSTOMS 308 WINCHESTER 0.333" SIZING BUSHING](#)
- Manufacturer: [SHORT ACTION CUSTOMS](#)
- Product no.: 100050199

Safety Instruction Guide for NECK/SHOULDER SIZING BUSHINGS

Introduction

Thank you for choosing the NECK/SHOULDER SIZING BUSHINGS from Short Action Customs. This guide provides important safety instructions and information to ensure the safe and effective use of the product. Please read this guide thoroughly before use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in this guide.
- Always inspect the product for any visible damage before use. Do not use if damaged.
- Keep the product out of reach of children and vulnerable individuals.
- Follow all local regulations and guidelines regarding the use of reloading equipment.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Wear appropriate safety gear, including safety glasses and gloves, when handling and using the sizing bushings.
- Ensure that your reloading equipment is compatible with the sizing bushings to prevent accidents.
- Do not exceed the recommended specifications for the sizing bushings, including the maximum pressure limits.
- Avoid placing your hands near moving parts of the reloading equipment during operation.
- Store the sizing bushings in a dry and secure location when not in use to prevent accidental damage or misuse.

Instructions for Installation and Usage

1. Installation:

- Ensure your Modular Sizing Die is clean and free from debris.
- Carefully remove the existing bushing from the die.
- Align the NECK/SHOULDER SIZING BUSHING with the die and insert it gently until it is securely in place.
- Ensure that the bushing is properly seated and locked in position before use.

2. Usage:

- Adjust the die to achieve the desired amount of bump for your specific cartridge.
- Insert the cartridge case into the die and ensure it is correctly aligned.
- Apply consistent pressure to the reloading handle to size the neck of the cartridge.
- After sizing, check the cartridge for proper fit and concentricity.
- Clean the bushing after each use to maintain its performance and longevity.

Disposal Instructions

- Dispose of any damaged or worn sizing bushings in accordance with local waste management regulations.
- Ensure that the product is disposed of in a manner that prevents harm to the environment and public safety.

Contact Information for Further Support

For any safety inquiries, product support, or additional information, please refer to the contact information provided by the retailer or manufacturer. Always ensure that you have the most current contact details.

Thank you for your attention to these safety instructions. Enjoy using your NECK/SHOULDER SIZING BUSHINGS safely and effectively!
