

# NECK/SHOULDER SIZING BUSHINGS - 308 WINCHESTER 0.334" SIZING BUSHING

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

The Neck/Shoulder Sizing Bushings from Short Action Customs are made for use in their Modular Sizing Dies. These are cartridge specific sizing bushings that allow you to dial in the correct amount of bump while also fully sizing the neck of the cartridge. These new bushings address the inherent flaws with the old sizing system with all new internal bushing geometry designed to reduce neck runout while increasing loaded cartridge concentricity in the chamber. Made from 17-4 H900 stainless steel, then processed with the same heat treat as the Precision Resizing Dies. These neck/shoulder bushings have an incredibly smooth inside finish paired with an extremely slick external finish from heat treat.

## Attributes

- Name: [308 WINCHESTER 0.334" SIZING BUSHING](#)
- Manufacturer: [SHORT ACTION CUSTOMS](#)
- Product no.: 100050200
- Mfr. No.: SAC-308W334
- Diameter (in): .334
- Delivery weight: 0.018kg
- Shipping height: 13mm
- Shipping width: 102mm
- Shipping length: 178mm

# NECK/SHOULDER SIZING BUSHINGS SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for choosing the Neck/Shoulder Sizing Bushings from Short Action Customs. These bushings are designed for use with Modular Sizing Dies and are intended to enhance the performance of your reloading process. This guide provides essential safety instructions to ensure the safe and effective use of this product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in this guide.
- Always handle the bushings with care to prevent injury or damage.
- Keep the bushings out of reach of children and vulnerable individuals.
- Regularly inspect the bushings for any signs of wear or damage before use.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves while handling the bushings.
- Avoid using the bushings if you notice any cracks, deformities, or other signs of damage.
- Ensure that the Modular Sizing Die is securely mounted and stable before installing the bushings.
- Do not exceed the recommended specifications for use, including the maximum diameter and pressure limits.
- Be cautious of sharp edges on the bushings and handle them with care to avoid cuts or injuries.

## Instructions for Installation and Usage

### 1. Installation of the Sizing Bushing:

- Ensure the Modular Sizing Die is clean and free from debris.
- Carefully insert the sizing bushing into the die, ensuring it is seated properly.
- Tighten the die according to the manufacturer's specifications to secure the bushing in place.

### 2. Using the Sizing Bushing:

- Prepare your cartridge case for resizing by cleaning it thoroughly.
- Insert the cartridge case into the Modular Sizing Die with the installed bushing.
- Operate the press according to the manufacturer's instructions to resize the cartridge case.
- Monitor the process closely to ensure proper functioning and avoid oversizing.

### 3. PostUsage Inspection:

- After use, remove the bushing from the die and clean it to prevent corrosion.
- Inspect the bushing for any signs of wear or damage. If any issues are found, discontinue use and contact support.

## **Disposal Instructions**

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Do not throw bushings in regular household waste. Instead, consider recycling options where available.
- Ensure that all components are disposed of safely to prevent environmental harm.

## **Contact Information for Further Support**

For any inquiries regarding safety or performance issues with the Neck/Shoulder Sizing Bushings, please refer to the contact information provided in the product packaging or visit the manufacturer's website.

By following these safety instructions, you can ensure the safe and effective use of your Neck/Shoulder Sizing Bushings. Thank you for your attention to safety and for choosing Short Action Customs products.
