

# PRECISION RESIZING DIES - SHORT ACTION CUSTOMS 6MM DASHER PRECISION RESIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The new Precision Resizing Dies are the culmination of years of shooting and reloading precision rifle cartridges. The design and execution of the Precision Resizing Dies are pure Short Action Customs innovation and demand for excellence. Each Precision Resizing Die is designed to size the cartridge shoulder a minimal amount to prevent over working the brass, yet allow for proper feeding and function. The base of the cartridge is sized more than a standard die to ensure brass that is "fired and tired" can still be used without any clicking or sticky bolt close due to enlarged base diameters. Important details such as neck/shoulder radius and neck diameters are carefully derived from the parent cartridge's body geometry ensuring that sized brass has the parent cartridges true geometry. New Material offers increased surface finish and core strength compared to 416 Stainless and 12L14. New Heat Treat offers a surface hardness up to 80 Rockwell on the C scale, yet offers increased lubricity compared to standard heat treat and Salt Bath Nitriding/Meloinite. Die bodies are machined in two operations and are extremely true. Uses standard 7/8 x 14 external threads to secure to any standard reloading press. These dies use SAC's Neck/Shoulder Sizing Bushings. Since the Bushings control sizing of the Neck and Shoulder, these die bodies may work with similar cartridges within the same family. For example, the Creedmoor Die Body can be used for 22, 6mm, 25, and 6.5mm Creedmoor cartridges depending on the Neck/Shoulder Bushing purchased. Neck/Shoulder Bushings must be purchased separately.

## Attributes

- Name: [SHORT ACTION CUSTOMS 6MM DASHER PRECISION RESIZING DIE](#)
- Manufacturer: [SHORT ACTION CUSTOMS](#)
- Product no.: 100050206
- Mfr. No.: SAC-MODDBB
- Delivery weight: 0.367kg
- Shipping height: 64mm
- Shipping width: 114mm
- Shipping length: 337mm

# Safety Instruction Guide for Precision Resizing Dies Short Action Customs 6mm Dasher

## Introduction

Thank you for choosing the Precision Resizing Dies from Short Action Customs. This guide provides essential safety instructions to ensure the safe and effective use of your resizing die. Please read this guide carefully before use to understand the necessary precautions and procedures.

## General Safety Guidelines

- **Product Safety:** Ensure safe use of the Precision Resizing Dies by following all instructions. The product is designed for reloading precision rifle cartridges and should be used only for its intended purpose.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices related to the product. Follow the guidelines provided in recall notices if applicable.
- **Online Shopping Protections:** If purchased online, ensure that the platform complies with safety requirements as outlined in the EU GPSR.
- **Consumer Focus:** Extra care should be taken when using this product around vulnerable individuals, including children. Keep the dies out of reach of children.
- **EU Contact Point:** For safety inquiries, ensure you have access to an EU-based contact point related to this product.
- **Rapid Alerts:** Regularly check the EU's Safety Gate platform for updates regarding the safety of this product.

## Specific Safety Precautions for Use

### • Hazard Identification:

- Improper use may lead to personal injury or damage to the equipment.
- Ensure that the resizing die is compatible with the cartridge you are using.

### • Avoiding Hazards:

- Always wear appropriate safety gear, including safety glasses and gloves.
- Do not exceed the recommended sizing limits of the die to prevent brass damage.
- Ensure the reloading press is securely mounted before use to avoid accidents.

### • Age Specific Warnings:

- This product is intended for use by adults only. Keep out of reach of children.

## Instructions for Installation and Usage

### • Installation:

1. Ensure the reloading press is unplugged and safe to work on.
2. Attach the Precision Resizing Die to the reloading press using the standard 7/8 x 14 external threads.
3. Tighten securely but avoid overtightening to prevent damage to the die or press.

### • Usage:

1. Select the appropriate Neck/Shoulder Bushing for your cartridge. Note that bushings must be

purchased separately.

2. Insert the cartridge into the resizing die and ensure it is properly seated.
3. Operate the reloading press according to its instructions to resize the cartridge.
4. Inspect the resized cartridge for any signs of damage or improper sizing before use.

- **PostUsage:**

- Clean the resizing die after each use to maintain performance and longevity.
- Store the resizing die in a safe, dry place, away from children and pets.

## Disposal Instructions

- Dispose of any damaged or unusable components according to local regulations regarding metal recycling.
- Do not throw away the Precision Resizing Die in regular household waste. Check with local disposal authorities for proper disposal methods.

## Contact Information for Further Support

For any questions or further assistance regarding the Precision Resizing Dies, please refer to the manufacturer's customer service resources. Ensure you have your product details available for efficient support.

Thank you for choosing the Precision Resizing Dies. By following these safety instructions, you contribute to a safer reloading experience. Always prioritize safety and proper handling of all reloading equipment.
