

PRECISION RESIZING DIES - SHORT ACTION CUSTOMS 6.5MM PRC

PRECISION RESIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The new Precision Resizing Dies are the culmination of years of shooting and reloading precision rifle cartridges. The design and execution of the Precision Resizing Dies are pure Short Action Customs innovation and demand for excellence. Each Precision Resizing Die is designed to size the cartridge shoulder a minimal amount to prevent over working the brass, yet allow for proper feeding and function. The base of the cartridge is sized more than a standard die to ensure brass that is "fired and tired" can still be used without any clicking or sticky bolt close due to enlarged base diameters. Important details such as neck/shoulder radius and neck diameters are carefully derived from the parent cartridge's body geometry ensuring that sized brass has the parent cartridge's true geometry. New Material offers increased surface finish and core strength compared to 416 Stainless and 12L14. New Heat Treat offers a surface hardness up to 80 Rockwell on the C scale, yet offers increased lubricity compared to standard heat treat and Salt Bath Nitriding/Melonnite. Die bodies are machined in two operations and are extremely true. Uses standard 7/8 x 14 external threads to secure to any standard reloading press. These dies use SAC's Neck/Shoulder Sizing Bushings. Since the Bushings control sizing of the Neck and Shoulder, these die bodies may work with similar cartridges within the same family. For example, the Creedmoor Die Body can be used for 22, 6mm, 25, and 6.5mm Creedmoor cartridges depending on the Neck/Shoulder Bushing purchased. Neck/Shoulder Bushings must be purchased separately.

Attributes

- Name: [SHORT ACTION CUSTOMS 6.5MM PRC PRECISION RESIZING DIE](#)
- Manufacturer: [SHORT ACTION CUSTOMS](#)
- Product no.: 100050208
- Mfr. No.: SAC-MODPRCDB
- Delivery weight: 0.381kg
- Shipping height: 57mm
- Shipping width: 108mm
- Shipping length: 343mm

Safety Instruction Guide for Precision Resizing Dies Short Action Customs 6.5MM PRC

Introduction

Thank you for choosing the Precision Resizing Dies Short Action Customs 6.5MM PRC. This guide provides essential safety instructions and guidelines to ensure the proper use of this product. Please read this document carefully to understand how to safely handle and operate the resizing dies.

General Safety Guidelines

- Always handle the dies with care to prevent injury.
- Ensure that your workspace is clean and organized to avoid accidents.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves when operating the dies.
- Keep the dies out of reach of children and unauthorized users.
- Regularly inspect the dies for any signs of wear or damage before use.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure the resizing die is compatible with your reloading press before use.
- Do not exceed the recommended sizing limits to prevent damage to the brass and the die.
- Avoid using excessive force when resizing cartridges to prevent injury or equipment damage.
- Always follow the manufacturer's guidelines for the use of neck/shoulder sizing bushings.
- Store the dies in a safe and dry location when not in use to prevent corrosion and damage.

Instructions for Installation and Usage

1. Installation:

- Ensure your reloading press is securely mounted and stable.
- Thread the Precision Resizing Die onto the reloading press using standard 7/8 x 14 external threads.
- Tighten the die securely but avoid overtightening, which may damage the threads.

2. Usage:

- Select the appropriate neck/shoulder sizing bushing for your cartridge.
- Insert the brass cartridge into the resizing die.
- Slowly and evenly apply pressure to resize the cartridge.
- Check the cartridge for proper sizing and function before proceeding with further reloading steps.
- If resistance is felt, stop and inspect the die and cartridge for any issues.

Disposal Instructions

- Dispose of any damaged or worn resizing dies in accordance with local regulations.
- Do not throw away dies in regular household waste. Check for recycling programs in your area for metal products.
- Ensure that any remaining brass or cartridge materials are disposed of properly to avoid environmental harm.

Contact Information for Further Support

For any inquiries regarding safety or usage of the Precision Resizing Dies, please refer to the manufacturer's contact details provided with your product packaging or visit their official website.

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience with your Precision Resizing Dies Short Action Customs 6.5MM PRC. Thank you for your attention to safety!
