

OBERNDORF BOTTOM METALS - HAWKINS PRECISION OBERNDORF BOTTOM METAL SHORT ACTION

[Rifle Parts](#) > [Receiver Parts](#) > [Bottom Metals](#)

Lightweight and premium quality, the Hawkins Precision Oberndorf Bottom Metal is a CNC-machined masterpiece. Our patented cantilever spring release ensures the floorplate will not open under heavy recoil for large magnum caliber rifles. Our Oberndorf bottom metal is extremely popular for lightweight, long range hunting rifle builds. Available for Remington 700 (and REM 700 clones) in short action and long action. Long action bottom metal weighs 2.6oz, short action weighs 2.5oz

Attributes

Safety Instruction Guide for Hawkins Precision Oberndorf Bottom Metal

Introduction

Thank you for choosing the Hawkins Precision Oberndorf Bottom Metal. This product is designed for use in lightweight, longrange hunting rifles, providing both quality and reliability. This safety instruction guide is intended to ensure that you use this product safely and effectively, in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the product is installed correctly according to the provided instructions.
- Always handle firearms responsibly and ensure they are unloaded when installing or maintaining the bottom metal.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the bottom metal for signs of wear or damage.
- If you notice any defects or issues, discontinue use immediately and seek assistance.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- When using the Hawkins Precision Oberndorf Bottom Metal, ensure that:
 - The firearm is compatible with the bottom metal (Remington 700 or REM 700 clones).
 - You are aware of the weight specifications: the short action weighs 2.5 oz and the long action weighs 2.6 oz.
- Be cautious of the recoil when firing large magnum caliber rifles, as the patented cantilever spring release is designed to prevent the floorplate from opening under heavy recoil.
- Always wear appropriate safety gear, such as eye protection, when using firearms.
- Avoid using the bottom metal in extreme weather conditions that may affect its performance.

Instructions for Installation and Usage

1. Installation:

- Ensure that you have the correct tools for installation (screwdriver, etc.).
- Follow the manufacturer's instructions for installing the bottom metal onto your rifle.
- Verify that all screws and components are securely fastened before use.

2. Usage:

- Load your firearm according to the manufacturer's guidelines.
- Always check that the floorplate is securely closed before firing.
- After use, ensure that the firearm is unloaded and store it safely.

Disposal Instructions

- When disposing of the Hawkins Precision Oberndorf Bottom Metal, follow local regulations for the disposal of metal products.
- Do not throw the product in regular waste; instead, consider recycling options if available in your area.

Contact Information for Further Support

For any questions or concerns regarding the Hawkins Precision Oberndorf Bottom Metal, please refer to the manufacturer's website or contact your local distributor for assistance.

Conclusion

By following these safety guidelines, you can ensure a safe and enjoyable experience with your Hawkins Precision Oberndorf Bottom Metal. Always prioritize safety and responsible handling when using firearms. Thank you for your attention to these important safety instructions.
