# Safety Instruction Guide for REMINGTON 700 M5 DBM Bottom Metals

## Introduction

Thank you for choosing the REMINGTON 700 M5 DBM Bottom Metals from Hawkins Precision. This product is designed for precision shooting and offers enhanced features for a stable shooting experience. To ensure your safety and the proper use of this product, please read this guide carefully.

## General Safety Guidelines

- Always ensure that the firearm is unloaded before handling or installing the bottom metal.
- Use this product only with compatible firearms, specifically Remington 700 and Remington Clone actions.
- Follow all local laws and regulations regarding firearm modifications and usage.
- Keep this product out of reach of children and unauthorized users.
- Regularly inspect the bottom metal for signs of wear or damage before use.
- Report any unsafe conditions or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- **Recoil Management:** The patented cantilever spring release is designed to withstand recoil. Ensure that the bottom metal is properly installed to avoid accidental opening during use.
- **Compatibility Check:** Verify that you are using regular AICS magazines, CIP+, M5DBD, and that the maximum external length does not exceed 3.850 inches.
- **Installation Safety:** Use the provided pillar and action screws to secure the bottom metal. Ensure all screws are tightened to the manufacturer's specifications.
- **Environment Awareness:** Be aware of your shooting environment. Use the forward Picatinny rail attachment to secure bipods or barricade stops for added stability.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is completely unloaded.
- Gather all necessary tools, including a screwdriver and the provided screws.

### 2. Installation Steps:

- Remove the existing bottom metal from the firearm, if applicable.
- Align the Hawkins Precision M5 DBM Bottom Metal with the action of the Remington 700 or compatible clone.
- Insert the provided pillar screws into the designated holes and tighten securely.
- Attach the action screws and ensure they are also tightened to the manufacturer's specifications.

### 3. Magazine Loading:

- Insert the AICS magazine into the magazine well until it clicks into place.
- Ensure the magazine is seated properly before attempting to load ammunition.

### 4. Usage:

- When ready to shoot, ensure a safe shooting position is established.
- Use the barricade stop or bipod attached to the Picatinny rail for stability.

- Always follow standard firearm safety practices while shooting.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations regarding aluminum materials and firearm components.
- Do not discard in regular household waste; consider recycling options where available.

## **Contact Information for Further Support**

For any safety inquiries or support regarding the REMINGTON 700 M5 DBM Bottom Metals, please refer to the manufacturer's website or customer service resources.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective experience with your REMINGTON 700 M5 DBM Bottom Metals. Always prioritize safety and responsible firearm usage. Thank you for your attention to these important guidelines.
