

# HUNTER MAGAZINES - HUNTER MAGAZINE LONG ACTION 300 NM 3 ROUNDS

[Magazines](#) > [Rifle Magazines](#) > [Magazines](#)

The Hawkins Precision Hunter Magazine is the answer for shooters wanting run magazines in their hunting rifles without sacrificing COAL in their rounds. These flush magazines are specifically designed to be used in our Hunter DBM and give hunters additional magazine space for longer bullets/calibers. Their flush design also will not snag on branches or brush, and make it easy to load and unload rifles quickly. Hawkins Precision Hunter Magazines are made from a single piece of billet aluminum. Made specifically for the Hawkins Precision Hunter M5 DBM Short Action Standard magazine holds 4 rounds (~2.880" Internal length) Short Action Magnum magazine holds 3 rounds (~2.980" Internal length) / Long Action magazines hold 3 rounds (~3.770" internal length) Long Actions are designed to be run with Beltless magnum cases. May not feed optimally with belted mags Long Action Hunter DBMs require gunsmithing in factory length factory Remington 700 actions and Zermatt Origins to accommodate the magazine COAL.

# HUNTER MAGAZINES HUNTER MAGAZINE LONG ACTION 300 NM 3 ROUNDS Safety Instruction Guide

## Introduction

Thank you for choosing the Hawkins Precision Hunter Magazine for your hunting rifle. This guide provides essential safety instructions to ensure the safe use of your magazine in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before using the product.

## General Safety Guidelines

- Ensure that the magazine is compatible with your firearm model (Remington 700 or Zermatt Origins).
- Always handle firearms and magazines with care, treating them as if they are loaded.
- Store the magazine in a secure location, away from children and unauthorized users.
- Regularly inspect the magazine for any signs of wear or damage before use.
- Follow all local laws and regulations regarding the use of firearms and ammunition.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Do not attempt to modify the magazine, as this may compromise safety and performance.
- Ensure that the magazine is fully seated in the firearm before attempting to load ammunition.
- Use only compatible ammunition (300 Norma Mag) with the magazine.
- Avoid using belted magnum cases, as they may not feed optimally.
- When loading or unloading the magazine, keep the firearm pointed in a safe direction.
- Use caution when operating in areas with dense brush to prevent snagging.

## Instructions for Installation and Usage

### 1. Installation

- Ensure the firearm is unloaded before installing the magazine.
- Align the magazine with the magazine well of your firearm.
- Press the magazine firmly into place until you hear a click, indicating it is secured.

### 2. Usage

- To load ammunition, press the follower down and insert the rounds into the magazine.
- Ensure that the rounds are seated properly and that the magazine is not overfilled.
- To unload, remove the magazine from the firearm and depress the follower to release the rounds.
- Always store the magazine separately from the ammunition to prevent accidental loading.

## Disposal Instructions

- Dispose of the magazine in accordance with local regulations regarding aluminum recycling.
- Do not dispose of the magazine in regular household waste.
- If the magazine is damaged beyond repair, contact local waste management for safe disposal options.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the safety and performance of your Hawkins Precision Hunter Magazine, please refer to the EU contact point provided by the manufacturer. Ensure you have the product details available when seeking assistance.

By following these guidelines, you can help ensure a safe and enjoyable experience while using your Hawkins Precision Hunter Magazine. Thank you for your attention to safety.
