Safety Instruction Guide for .720 and .725 Standard Thread Protectors

Introduction

Thank you for choosing the .720 and .725 Standard Thread Protectors by Yankee Hill Machine Co., Inc. These thread protectors are designed to prevent damage to your rifle's muzzle threads and crown. This guide provides essential safety instructions to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Regularly inspect the thread protectors for any signs of wear or damage before each use.
- Keep the thread protectors out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always ensure that the rifle is unloaded before installing or removing the thread protector.
- Avoid using excessive force when installing or removing the thread protector to prevent damage.
- Do not use the thread protector if it is damaged or shows signs of wear.
- Be cautious of your surroundings and ensure that no one is in close proximity while handling the thread protector.
- Store the thread protectors in a safe, dry place when not in use to prevent damage.

Instructions for Installation and Usage

1. **Preparation**

   - Ensure the rifle is unloaded and pointed in a safe direction.
   - Gather the thread protector and any necessary tools (if applicable).

2. **Installation**

   - Align the thread protector with the muzzle threads of the rifle.
   - Gently screw the thread protector onto the muzzle threads by turning it clockwise.
   - Continue to turn until the protector is securely in place, but do not overtighten.

3. **Removal**

   - To remove the thread protector, grip it firmly.
   - Turn the protector counterclockwise until it is free from the muzzle threads.
   - Inspect both the thread protector and the rifle threads for any damage before storing.

Disposal Instructions

- Dispose of the thread protector in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- If the product is damaged, consider contacting a local waste management service for proper disposal methods.

Contact Information for Further Support

For any inquiries or concerns regarding the product, please refer to the manufacturer's contact details provided with your purchase. Ensure that you have the product information ready when reaching out for assistance.

By following these safety instructions, you can ensure the safe use of your .720 and .725 Standard Thread Protectors. Thank you for your attention to safety and for choosing our product.
