# Safety Instruction Guide for PISTOL THREAD PROTECTORS

## Introduction

Thank you for choosing the Pistol Thread Protectors from Yankee Hill Machine Co., Inc. This guide provides important safety information, installation instructions, and usage precautions to ensure safe and effective operation of your product. Please read this guide carefully before use.

## General Safety Guidelines

- Always ensure that your pistol barrel is unloaded before installing or removing the thread protector.
- Inspect the thread protector for any damage before use. Do not use if damaged.
- Keep the product out of reach of children and vulnerable individuals.
- Follow all local laws and regulations regarding the use of firearms and accessories.

## Specific Safety Precautions for Use

- **Thread Compatibility:** Ensure that the thread protector matches the thread size of your pistol barrel. The available sizes are:
  - 1/2"28 with a .570 OD
  - 9/16"24 with a .633 OD
  - .578"28 with a .650 OD
- **Muzzle Device Installation:** Always install a muzzle device or thread protector when the barrel is not in use to prevent damage to the threads.
- **Knurled Exterior:** Use the knurled exterior for a secure grip when installing or removing the thread protector. This feature helps prevent slippage.
- **Avoid OverTightening:** Do not overtighten the thread protector as it may damage the threads on the barrel or the protector itself.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Gather the necessary tools if required for installation.

### 2. Installation:

- Align the thread protector with the threads of the pistol barrel.
- Gently screw the protector onto the barrel by hand, ensuring it fits snugly.
- Use the knurled exterior to tighten the protector securely without overtightening.

### 3. Removal:

- To remove the thread protector, grip the knurled exterior firmly.
- Unscrew the protector by turning it counterclockwise until it is free from the barrel.

### 4. Maintenance:

- Regularly check the thread protector for signs of wear or damage.
- Clean the protector with a soft cloth to remove any debris or fouling.

## **Disposal Instructions**

- Dispose of the thread protector responsibly. Follow local regulations for the disposal of metal products.
- Do not dispose of the product in household waste. Check for recycling options in your area.

## **Contact Information for Further Support**

- For any questions regarding safety or product issues, please refer to the manufacturer's website or contact your local distributor for assistance.

## **Conclusion**

By following these safety instructions, you can ensure the safe and effective use of your Pistol Thread Protectors. Thank you for your commitment to safety and responsible firearm use.
