

# FREEDOM LIGHT CANTILEVER MOUNT - SWAMPFOX OPTICS 34MM FREEDOM LIGHT CANTILEVER MOUNT BLACK

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Mount Sets](#)

Counting ounces? Why sacrifice durability for a lightweight mount when Freedom Mount has both? Made with ultra-tough 7075 aluminum, this rugged masterpiece still weighs in at just 5.5 ounces. Freedom Mount's cantilever configuration extends the center of the forward ring 2" beyond the front edge of the 1913 Picatinny mounting surface, making it perfect for LPVOs with generous eye relief, like Tomahawk and Arrowhead. Low profile T25 Torx bolts provide more clamping power than thumb nuts, while integrated recoil lugs underneath ensure everything stays locked down tight under recoil. Freedom mount brings the look, the ergos and the durability your build deserves.

## Attributes

- Name: [SWAMPFOX OPTICS 34MM FREEDOM LIGHT CANTILEVER MOUNT BLACK](#)
- Manufacturer: [SWAMPFOX OPTICS](#)
- Product no.: 100050357

# Safety Instruction Guide for FREEDOM LIGHT CANTILEVER MOUNT

## Introduction

Thank you for choosing the Freedom Light Cantilever Mount by Swampfox Optics. This guide provides essential safety information, installation instructions, and usage guidelines to ensure you have a safe and enjoyable experience with your product. Please read this guide carefully before using the mount.

## General Safety Guidelines

- Ensure that the mount is used only for its intended purpose as described in this manual.
- Regularly inspect the mount for any signs of damage or wear. If any issues are found, discontinue use immediately.
- Keep the mount out of reach of children and vulnerable individuals who may not understand its use.
- Follow all local laws and regulations regarding the use and installation of firearm accessories.
- In case of any product recalls or safety alerts, check the EU Safety Gate platform for updates.

## Specific Safety Precautions for Use

- **Weight Limit:** Ensure that the combined weight of the scope and accessories does not exceed the mount's specifications.
- **Installation Surface:** Only install the mount on a compatible 1913 Picatinny rail. Ensure the rail is clean and free from debris.
- **Tightening Bolts:** Use the provided T25 Torx bolts to secure the mount. Do not overtighten, as this may damage the mount or the rail.
- **Recoil Management:** Be aware that the mount is designed to withstand recoil. Ensure all components are properly secured to avoid any accidents during use.
- **Eye Relief:** Ensure proper eye relief is maintained when mounting your scope to avoid injury.

## Instructions for Installation and Usage

### 1. Installation:

- Clean the mounting surface of the 1913 Picatinny rail to remove any dirt or debris.
- Position the Freedom Light Cantilever Mount on the rail, ensuring the forward ring is 2 inches beyond the front edge of the rail.
- Align the mount with the desired position for optimal eye relief.
- Using the T25 Torx bolts, secure the mount to the rail. Start by handtightening the bolts, then use a torque wrench to tighten them to the manufacturer's specifications.
- Check the stability of the mount by gently pulling on it to ensure it is securely attached.

### 2. Usage:

- After installation, attach your scope to the mount according to the scope manufacturer's instructions.
- Adjust the scope for proper eye relief and reticle alignment.
- Always check the mount and scope for stability before use.

## Disposal Instructions

- Dispose of the product responsibly in accordance with local regulations.
- Do not dispose of the mount in regular household waste. Instead, follow local guidelines for the disposal of electronic equipment.

of metal and electronic components.

## **Contact Information for Further Support**

For any questions or concerns regarding the Freedom Light Cantilever Mount, please reach out to the manufacturer or visit their official website for additional support and resources.

Thank you for your attention to these safety instructions. Enjoy your experience with the Freedom Light Cantilever Mount!
