

# SLATE STOP M-LOK - SLATE BLACK INDUSTRIES SLATE STOP M-LOK BLACK

[Rifle Parts](#) > [Grip Parts](#) > [Foregrips](#)

The Slate Stop is a drop in/screw-on upgrade for any grip, rail or any in-spec MLOK compatible system. Unlike other angled hand-stops, the Slate Stop's unique design presents the user with multifaceted implementation methods. Designed by military and competition shooters, the shapes and angles of the Slate Stop are optimized to improve the user's ability to control recoil, gain stability while shooting on barricades or objects, and comfortably carry and move the firearm while not actively employing it. Beyond this, the base principle of ensuring the user's hand does not slip, specifically in front of the muzzle, remains a core element of the product. The Slate Stop boasts high temperature resistance, full MLOK lugs, and steel hardware to ensure the upmost level of durability. The Slate Stop interphases directly with the SBI Slate Grips to present the best possible grip and profile for the user. SBI's FDE is a "peanut-butter" brown, and ODG is a direct match for Magpul's coloration. Sometimes photography may show it in a skewed color depending on the studio lights used. Material: fiber reinforced high-temp polymer. [Size: 1.34in tall]

# Slate Stop MLOK Safety Instruction Guide

## Introduction

Thank you for choosing the Slate Stop MLOK from Slate Black Industries. This product is designed to enhance your shooting experience by providing improved control and stability. To ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR), please read this safety instruction guide carefully.

## General Safety Guidelines

- Ensure that the Slate Stop is installed correctly to prevent any accidents during use.
- Always handle firearms with care and follow standard firearm safety protocols.
- Keep the Slate Stop and all firearms out of reach of children and unauthorized users.
- Regularly inspect the Slate Stop for signs of wear or damage before each use.
- Report any unsafe product incidents or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Do not use the Slate Stop if it shows signs of damage or if it has been modified in any way.
- Always ensure that your firearm is unloaded before installing or adjusting the Slate Stop.
- Use the Slate Stop only with MLOK compatible systems as intended.
- Avoid placing your hand in front of the muzzle when using the Slate Stop to prevent injuries.
- Be aware of your surroundings and ensure that you are in a safe environment when using firearms.

## Instructions for Installation and Usage

### Installation

1. **Unloading the Firearm:** Ensure that your firearm is completely unloaded.
2. **Positioning:** Determine the desired location on the MLOK rail for the Slate Stop.
3. **Alignment:** Align the Slate Stop with the MLOK slots on your rail.
4. **Attachment:** Secure the Slate Stop using the provided screws and ensure that it is tightened properly.
5. **Final Check:** Inspect the installation to confirm that the Slate Stop is firmly attached and does not wobble.

### Usage

- Grip the Slate Stop comfortably with your hand while aiming or shooting.
- Utilize the multifaceted design to adapt to various shooting positions, including barricades.
- Maintain control of your firearm at all times and avoid any distractions while shooting.

## Disposal Instructions

- Dispose of the Slate Stop in accordance with local regulations.
- If the Slate Stop is damaged beyond repair, ensure that it is disposed of in a manner that prevents any potential hazards to others.
