# Safety Instruction Guide for the PRO 1000 Progressive Press

## Introduction

Thank you for choosing the PRO 1000 Progressive Press by Lee Precision. This guide provides essential safety instructions and guidelines to ensure safe and effective use of your reloading equipment. Please read this document carefully before use.

## General Safety Guidelines

- Ensure that the workspace is clean, welllit, and free from distractions.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when operating the press.
- Keep the press out of reach of children and vulnerable individuals.
- Be aware of your surroundings and ensure that no unauthorized persons are near the reloading area.
- Regularly inspect the equipment for any signs of damage or wear. Do not use damaged equipment.
- Follow all local laws and regulations regarding ammunition reloading.

## Specific Safety Precautions for Use

### • Hazard Identification:

- The press operates with high pressure and can cause injury if misused.
- Improper handling of primers and powder can lead to explosive reactions.
- Always ensure that no fingers or body parts are in the path of moving parts during operation.

### • Avoiding Hazards:

- Read all instructions and warnings before using the press.
- Use only recommended components and materials as specified in the product manual.
- Do not exceed the recommended load specifications for the cartridges being reloaded.
- Ensure that the case feeder is correctly installed and functioning before use.
- Never leave the press unattended while in operation.

## Instructions for Installation and Usage

### • Installation:

- Place the PRO 1000 Press on a stable, flat surface to ensure stability during operation.
- Securely attach the press using the provided mounting hardware.
- Install the turret and shell plate according to the instructions in the product manual.
- Set up the powder measure and ensure it is calibrated correctly before use.

### • Usage:

- Ensure that the press is empty and clean before starting the reloading process.
- Load the appropriate die set for your caliber and ensure it is securely tightened.
- Insert a case into the shell plate before starting the reloading cycle.
- Follow the stepbystep reloading instructions provided in the product manual.
- After reloading, store all components safely and securely.

## Disposal Instructions

- Dispose of any unused or expired components, including primers and powder, according to local regulations.
- Do not dispose of hazardous materials in regular trash. Contact local waste management authorities for proper disposal methods.

## Contact Information for Further Support

For any questions or concerns regarding the PRO 1000 Progressive Press, please refer to the product manual or contact the manufacturer directly.

By following these safety guidelines, you can help ensure a safe and enjoyable experience while using the PRO 1000 Progressive Press. Always prioritize safety and compliance with local laws and regulations.
