# Safety Instruction Guide for PRO 1000 Progressive Press

## Introduction

Thank you for choosing the PRO 1000 Progressive Press by Lee Precision. This guide provides essential safety instructions to ensure the safe and effective use of your reloading kit. Please read this document carefully and follow all guidelines to prevent accidents and injuries.

## General Safety Guidelines

- Ensure the product is used in accordance with all local laws and regulations.
- Always wear appropriate safety gear, including safety glasses and gloves, when operating the press.
- Keep the workspace clean and organized to prevent accidents.
- Ensure that children and unauthorized individuals are kept away from the reloading area.
- Report any unsafe conditions or accidents to the relevant authorities immediately.
- Regularly check for product recalls and safety updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Hazard Awareness:** Be aware of potential hazards such as sharp edges, moving parts, and the handling of primers and powders.
- **Correct Usage:** Only use the PRO 1000 Progressive Press for its intended purpose, which is reloading ammunition.
- **Approved Components:** Use only Lee approved components such as CCI and Remington primers. Other brands may not be safe.
- **Proper Storage:** Store all reloading materials, including primers and powders, in a cool, dry place, away from direct sunlight and heat sources.
- **Case Presence:** The press will only feed primers and powder if a case is present. Ensure cases are properly inserted before operation.
- **Maintenance:** Regularly inspect the press for wear or damage. Do not use if any parts are broken or malfunctioning.
- **DistractionFree Environment:** Avoid distractions while operating the press. Focus on the task at hand.

## Instructions for Installation and Usage

1. **Unboxing:** Carefully remove the PRO 1000 Progressive Press and all components from the packaging. Check for any visible damage.
2. **Assembly:**
  - Follow the manufacturer's instructions for assembling the press.
  - Ensure that the turret, shell plate, and all dies are securely attached.
3. **Setting Up:**
  - Place the press on a sturdy, stable surface.
  - Ensure that the area is welllit and free from clutter.
4. **Loading Components:**
  - Install the appropriate die set for your chosen caliber (380 Auto).
  - Set up the Pro AutoDisk powder measure according to the manufacturer's instructions.
  - Load the double disk kit and case feeder as needed.
5. **Operation:**
  - Begin reloading by following the stepbystep process outlined in the manufacturer's manual.
  - Monitor the operation closely and make adjustments as necessary.
6. **PostUse Care:**
  - After use, clean the press and store it properly.

- Ensure all components are returned to their designated storage areas.

## **Disposal Instructions**

- Dispose of any unused or expired reloading components in accordance with local regulations.
- Do not throw away primers or powders in regular trash. Consult your local waste management authority for proper disposal methods.
- Ensure that all packaging materials are recycled or disposed of responsibly.

## **Contact Information for Further Support**

For any questions or concerns regarding the PRO 1000 Progressive Press, please refer to the manufacturer's website or contact their customer support directly. Ensure you have your product details ready for assistance.

By following these safety instructions, you can help ensure a safe and enjoyable reloading experience with your PRO 1000 Progressive Press. Thank you for your commitment to safety.
