Safety Instruction Guide for LOADERS, RIFLE LEE PRECISION 3030 WINCHESTER LOADER

Introduction

Thank you for choosing the LEE PRECISION 3030 Winchester Loader. This tool is designed for individuals who wish to try reloading ammunition safely and effectively. This guide provides essential safety instructions and guidelines to ensure a safe and successful reloading experience.

General Safety Guidelines

- Always read and understand all instructions before using the loader.
- Ensure the working area is clean, dry, and wellventilated.
- Keep the loader and all components out of the reach of children and unauthorized individuals.
- Use only brass cases that have been fired through your firearm.
- Be aware of the risks associated with handling gunpowder and ammunition components.
- Always wear appropriate safety gear, including safety glasses and gloves, when reloading.
- Store all components in a cool, dry place, away from direct sunlight and heat sources.
- Regularly check for any signs of wear or damage to the loader and its components.

Specific Safety Precautions for Use

• Potential Hazards:

- Risk of injury from improper handling of tools and components.
- Risk of explosion or fire from improper storage or handling of gunpowder.
- Risk of contamination from using dirty or damaged brass cases.

• Avoiding Hazards:

- Always ensure that the loader is used in accordance with the manufacturer's instructions.
- Do not attempt to modify the loader or its components.
- Never use the loader in an area where there are open flames or sparks.
- Dispose of any damaged or improperly loaded ammunition immediately and safely.

• AgeSpecific Warnings:

- This product is intended for use by adults only. It should not be used by individuals under the age of 18 without adult supervision.

Instructions for Installation and Usage

1. Setup:

- Place the loader on a stable, flat surface.
- Ensure that all components are present and in good condition before starting.

2. Loading Process:

- Insert the neck sizing die into the loader.
- Place the brass case into the neck sizing die.
- Use the primer rod to insert a primer into the primer pocket of the case.
- Measure the appropriate amount of powder using the powder measure.

- Pour the powder into the brass case carefully.
- Use the bullet seater to place the bullet on top of the powderfilled case.
- Ensure that the bullet is seated properly.

3. Finishing Up:

- Check the completed round for any defects.
- Store the loaded ammunition in a safe and secure location.

Disposal Instructions

- Dispose of any unused or damaged components according to local regulations.
- Do not throw away loaded ammunition in the regular trash.
- Contact local authorities or a hazardous waste disposal facility for guidance on safe disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the use of the LEE PRECISION 3030 Winchester Loader, please refer to the manufacturer's website or contact their customer support team. Ensure to have your product details and any relevant information ready for assistance.

By following these safety instructions and guidelines, you can enjoy a safe and successful reloading experience with the LEE PRECISION 3030 Winchester Loader. Always prioritize safety and responsibility in all your reloading activities.
