Safety Instruction Guide for LOADERS, RIFLE LEE PRECISION 303 BRITISH LOADER

Introduction

Thank you for choosing the LEE PRECISION 303 BRITISH LOADER. This product is designed to help you reload ammunition safely and efficiently. Please read this safety instruction guide carefully to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always handle ammunition and reloading equipment with care.
- Ensure you are familiar with your firearm's specifications and requirements.
- Keep the loader and all components out of reach of children.
- Use only materials and components recommended by the manufacturer.
- Regularly inspect the loader for any signs of wear or damage before use.
- Store the loader in a cool, dry place to prevent damage.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use the loader in a wellventilated area to avoid inhaling any dust or fumes.
- Always wear safety goggles to protect your eyes during the reloading process.
- Use gloves to protect your hands from sharp edges and any residual chemicals.
- Ensure that the area is free from distractions and hazards while reloading.
- Do not exceed the recommended load data provided with the product.
- Be aware of the risks associated with handling gunpowder and primers.
- Do not attempt to modify the loader or its components.

Instructions for Installation and Usage

1. Setup:

- Place the loader on a stable, flat surface.
- Ensure all components (bullet seater, priming chamber, decapping chamber, neck sizing die, primer rod, and powder measure) are present.

2. Neck Sizing:

- Insert the brass casing into the neck sizing die.
- Follow the instructions for neck sizing as specified in the included manual.

3. Priming:

- Use the priming chamber to insert primers into the brass casing.
- Ensure proper alignment to avoid misfires.

4. Powder Measurement:

- Use the powder measure to dispense the correct amount of gunpowder.
- Doublecheck the load data to ensure accuracy.

5. Bullet Seating:

- Place the bullet into the casing and use the bullet seater to secure it in place.
- Ensure the bullet is seated to the correct depth as per the load data.

6. Final Inspection:

- Inspect each round for proper assembly and ensure there are no visible defects.
- Store completed rounds in a safe and secure manner.

Disposal Instructions

- Dispose of used primers and any leftover gunpowder according to local regulations.
- Do not throw away hazardous materials in regular waste.
- Contact your local waste management authority for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety or product usage, please contact the manufacturer or visit their official website for more information.

By following these guidelines, you can ensure a safe and enjoyable reloading experience with your LEE PRECISION 303 BRITISH LOADER. Thank you for prioritizing safety in your reloading activities.
