

BREECH LOCK LOCK-RING ELIMINATOR - LEE PRECISION LEE LOCK-RING ELIMINATOR

[Reloading](#) > [Reloading Dies](#) > [Replacement Parts & Upgrades](#)

Lee Breech Lock Quick Change Bushing with integral lock collar provides unmatched precision and convenience when adjusting dies. Split clamp positively locks die into position. Includes 7/64" allen wrench. The Eliminator is being transitioned to hard anodized black aluminum. Thus giving you a better grip when removing from your breech lock equipped press and a added sense of security knowing that your die adjustments will not change when removing Pack of 2 Lock-Ring Eliminator bushings.

Lee Breech Lock Quick Change Bushing with integral lock collar provides unmatched precision and convenience when adjusting dies. Split clamp positively locks die into position. Includes 7/64" allen wrench. The Eliminator is turned from a solid piece of steel and the lock ring is integrated into the design of the part. Thus giving you a better grip when removing from your breech lock equipped press and a added sense of security knowing that your die adjustments will not change when removing Pack of 2 Lock-Ring Eliminator bushings.

BREECH LOCK LOCKRING ELIMINATOR Safety Instruction Guide

Introduction

Thank you for choosing the BREECH LOCK LOCKRING ELIMINATOR by Lee Precision. This guide provides important safety instructions and usage guidelines to ensure a safe and effective experience with your product. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure safe use of the BREECH LOCK LOCKRING ELIMINATOR by following all instructions provided.
- Regularly check for any product recalls or safety updates on the EU's Safety Gate platform.
- Always keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Always wear appropriate eye protection when adjusting or using the BREECH LOCK LOCKRING ELIMINATOR.
- Ensure that the work area is clean and free of any obstructions before installation and use.
- Do not use the product if it appears damaged or worn. Inspect it regularly for signs of wear.
- Avoid using excessive force when adjusting the lock collar to prevent damage to the product or injury.
- Keep fingers and other body parts away from moving parts during operation.

Instructions for Installation and Usage

1. Installation

- Ensure that your breech lock equipped press is turned off and unplugged before installation.
- Using the provided 7/64" allen wrench, loosen the split clamp on the BREECH LOCK LOCKRING ELIMINATOR.
- Insert the die into the bushing, ensuring it is aligned correctly.
- Tighten the split clamp securely to lock the die into position. Do not overtighten.
- Check the alignment and ensure that the die is firmly secured.

2. Usage

- When adjusting the die, ensure that the breech lock press is turned off and unplugged.
- Loosen the split clamp using the allen wrench to make adjustments.
- After adjustments, retighten the split clamp securely to lock the die in position.
- Always check the die settings before commencing any reloading tasks.

Disposal Instructions

- Dispose of the BREECH LOCK LOCKRING ELIMINATOR and any packaging materials in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for recycling facilities in your area.

Contact Information for Further Support

For any inquiries regarding safety, usage, or support, please refer to the manufacturer's contact information

provided with your product packaging or on the official website.

By adhering to these safety instructions and guidelines, you can ensure a safe and effective experience with your BREECH LOCK LOCKRING ELIMINATOR. Thank you for your attention to safety.
