# Safety Instruction Guide for Lee Precision Lock Rings

## Introduction

Thank you for choosing the Lee Precision 7/814 Self Lock Rings. These lock rings are designed to provide a secure and stable adjustment for your reloading needs. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always use the product according to the manufacturer's instructions to prevent accidents and injuries.
- Ensure that the lock rings are compatible with your equipment before installation.
- Regularly inspect the lock rings for any signs of wear or damage. Do not use if damaged.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Do not overtighten the lock rings, as this may cause damage to the equipment or the rings themselves.
- Ensure that your hands are clean and dry when adjusting the lock rings to prevent slipping.
- Use protective eyewear when working with reloading equipment to shield against potential debris.
- Avoid using the product in wet or damp conditions to prevent slippage and ensure a secure fit.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the reloading equipment is turned off and unplugged (if applicable) before installation.
- Locate the area on your reloading equipment where the lock ring will be installed.
- Place the lock ring onto the designated area and align it properly.
- Fingertighten the lock ring until it is secure. Do not use tools to tighten, as this may lead to overtightening.

### 2. Usage:

- After installation, verify that the lock ring is secure before using the equipment.
- Adjust the lock ring as needed by simply loosening and retightening by hand.
- Regularly check the stability of the lock ring during use to ensure it remains secure.

## Disposal Instructions

- Dispose of any damaged or worn lock rings in accordance with local waste disposal regulations.
- Do not dispose of the product in regular household waste if it is considered hazardous.

## Contact Information for Further Support

For any questions or concerns regarding the safety and usage of the Lee Precision Lock Rings, please consult the manufacturer's website or customer support resources for assistance.

By following these guidelines, you can ensure a safe and effective experience with your Lee Precision Lock Rings. Thank you for your attention to safety.
