

# 4 HOLE TURRET PRESS DELUXE KIT - LEE PRECISION CLASSIC TURRET PRESS KIT

[Reloading](#) > [Reloading Kits](#)

The Lee Classic turret press is fast and convenient when loading handgun cartridges, with rates in excess of 250 rounds per hour possible. The kit includes the Auto-Drum powder measure and riser, perfect for all handgun and small rifle cartridges. Large and Small Safety Prime are included making on press priming an ease. Instant change turret makes changing calibers a snap. Deactivate the auto-index and batch load the longest and largest rifle cartridges. Complementing your press kit are the case conditioning tools to prepare your brass for loading. Includes Cutter, Lock Stud, Chamfer Tool, small and large Primer Pocket Cleaner, and a tube of Lee case sizing lube. Complete it with the cartridge specific Case Length Gauge. Verify your loads with the included Lee Safety powder scale. Completing the kit is Modern Reloading Second Edition recently revised with all load data covering 167 cartridges with over 28,000 loads.

## PRECISION CLASSIC TURRET PRESS KIT Safety Instruction Guide

### Introduction

Thank you for choosing the Lee Classic Turret Press Deluxe Kit. This guide provides essential safety instructions to ensure the safe and effective use of your reloading equipment. Please read this manual thoroughly before use to familiarize yourself with the product and its safety precautions.

### General Safety Guidelines

- Ensure that the workspace is clean, welllit, and free from distractions.
- Always wear appropriate safety gear, including safety glasses and gloves, when operating the reloading press.
- Keep all components, tools, and materials out of reach of children and unauthorized users.
- Be aware of the potential hazards associated with reloading, including the handling of gunpowder and primers.
- Follow local laws and regulations regarding the storage and use of reloading equipment and materials.
- Regularly inspect your equipment for wear and damage. If any part is damaged, do not use the press until it has been repaired or replaced.
- Always adhere to the recommended load data provided in the Modern Reloading Second Edition manual included in your kit.

### Specific Safety Precautions for Use

- **Handling Powder and Primers:**

- Store gunpowder and primers in a cool, dry place away from direct sunlight and heat sources.
- Avoid using excessive force when handling powder and primers to prevent accidental ignition.
- Never smoke or allow open flames near your reloading area.

- **Using the Press:**

- Do not exceed the recommended operating speeds to maintain control and prevent accidents.
- Always ensure that the turret is securely locked in place before operating the press.
- Do not attempt to change calibers or make adjustments while the press is in motion.

- **Cleaning and Maintenance:**

- Regularly clean the press and all tools to prevent buildup of debris and ensure smooth operation.
- Use only the specified cleaning agents and lubricants for your reloading equipment.

### Instructions for Installation and Usage

#### 1. Setup:

- Unpack all components from the kit and verify that all parts are included as per the assembly instructions.
- Place the turret press on a sturdy, stable surface to prevent movement during operation.
- Securely mount the press using the provided bolts and hardware to ensure it remains in place.

## **2. Loading Cartridges:**

- Follow the steps outlined in the Modern Reloading Second Edition manual for loading cartridges.
- Use the AutoDrum powder measure to dispense the correct amount of powder for your loads.
- Ensure that the Safety Prime system is correctly installed to facilitate safe priming.

## **3. Changing Calibers:**

- To change calibers, deactivate the autoindex feature and carefully remove the turret.
- Replace it with the turret specific to the new caliber you wish to load.
- Make sure to recalibrate the powder measure for the new cartridge specifications.

## **4. Batch Loading:**

- For loading large rifle cartridges, deactivate the autoindex feature and follow batch loading procedures as outlined in the manual.

## **5. Verification:**

- After loading, verify your loads using the included Lee Safety powder scale to ensure accuracy and safety.

# **Disposal Instructions**

- Dispose of any unused or expired gunpowder and primers according to local regulations. Do not throw them in regular trash.
- Recycle any metal components when possible, following local recycling guidelines.
- Ensure that all packaging materials are disposed of responsibly.

# **Contact Information for Further Support**

For any safety inquiries, product support, or additional information, please consult the manufacturer's website or contact your local distributor.

By following these safety instructions, you can ensure a safe and enjoyable reloading experience with your Lee Classic Turret Press Deluxe Kit. Always prioritize safety and adhere to best practices during all reloading activities.
