Safety Instruction Guide for RIFLE 2 DIE SETS LEE PRECISION .43 MAUSER PACESETTER FULL LENGTH SIZING 2DIE SET

Introduction

Thank you for choosing the RIFLE 2 DIE SETS LEE PRECISION .43 MAUSER PACESETTER FULL LENGTH SIZING 2DIE SET. This product is designed for reloading ammunition safely and efficiently. Please read this safety instruction guide carefully to ensure proper use and to minimize any risks associated with the product.

General Safety Guidelines

- Always handle all reloading equipment with care.
- Store the die set in a cool, dry place away from children and pets.
- Follow all local laws and regulations regarding ammunition reloading.
- Wear appropriate safety gear, including safety glasses and gloves, when using this product.
- Do not exceed the recommended load data provided in the instructions.
- Regularly check and maintain your reloading equipment to ensure it is in good working condition.
- Be aware of your surroundings and ensure that you have a safe and controlled environment for reloading.

Specific Safety Precautions for Use

- Ensure that the workspace is wellventilated to avoid inhalation of any harmful fumes or dust.
- Keep all components of the die set away from open flames or heat sources.
- Do not mix different types of powders or components unless specified in the load data.
- Be cautious of the potential for double charging a case; always check each case before seating a bullet.
- Never leave reloading equipment unattended while in use.
- If you experience any malfunctions or issues with the die set, stop using it immediately and consult the instructions or a professional.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary equipment, including the die set, reloading press, and components (brass cases, bullets, powder).
- Ensure that your workspace is clean and organized.

2. Installation of the Die Set:

- Secure the Full Length Sizing Die in the reloading press according to the manufacturer's instructions.
- Install the Bullet Seating Die in the same manner.
- Use the Universal Shell Holder to properly support the brass cases during reloading.

3. Using the Full Length Sizing Die:

- Insert a brass case into the shell holder.
- Raise the ram of the press to size the case fully. Ensure the die is adjusted correctly to avoid oversizing.

4. Using the Bullet Seating Die:

- After charging the case with the appropriate amount of powder, insert a bullet into the mouth of the case.
- Adjust the seating die to achieve the desired bullet seating depth. Raise the ram to seat the bullet securely.

5. Final Checks:

- Inspect each completed cartridge for proper seating and crimping.
- Store completed ammunition in a safe and secure location.

Disposal Instructions

- Dispose of any unused or excess materials according to local regulations.
- Do not dispose of hazardous materials, such as powder or primers, in regular trash.
- Contact local waste management authorities for proper disposal methods for reloading materials.

Contact Information for Further Support

For any questions or concerns regarding the RIFLE 2 DIE SETS LEE PRECISION .43 MAUSER PACESETTER FULL LENGTH SIZING 2DIE SET, please refer to the manufacturer's contact information provided on the packaging or the official website.

By following these safety instructions, you can ensure a safer reloading experience with your RIFLE 2 DIE SETS LEE PRECISION .43 MAUSER PACESETTER FULL LENGTH SIZING 2DIE SET. Always prioritize safety and adhere to the guidelines to minimize risks associated with reloading ammunition.
