

LEE COLLET 2-DIE NECK SIZER SETS - LEE PRECISION 222 REM COLLET 2-DIE NECK SIZER SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

There is no loading system that will load more accurate ammunition than Lee Collet Dies. A collet squeezes the case neck against a precision mandrel for a perfect fit with minimum run-out. No lube case is needed. Cases last ten times longer, so the savings on only 35 cases will pay for the dies. Maximum accuracy is usually achieved by seating the bullet out far enough to touch or almost touch the rifling. This provides the shot start pressure normally supplied by the crimp. That's why a dead length bullet seater is included to complete the most accurate reloading system ever made. These dies size only the neck to preserve the perfect fit of fire forming. Only reload cases that have been fired in your gun. Not recommended for autoloaders, slide or lever action guns.

Safety Instruction Guide for LEE COLLET 2DIE NECK SIZER SET

Introduction

Thank you for choosing the LEE COLLET 2DIE NECK SIZER SET. This product is designed to provide you with the utmost accuracy in ammunition reloading. To ensure your safety and the effectiveness of the product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure that you are familiar with the operation and handling of reloading equipment before use.
- Always wear appropriate safety gear, including eye and ear protection, when reloading ammunition.
- Keep the reloading area clean and organized to avoid accidents.
- Store all reloading components, including the LEE COLLET dies, in a secure location away from children and unauthorized users.
- Follow all local laws and regulations regarding ammunition reloading and storage.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Only use the LEE COLLET 2DIE NECK SIZER SET with cases that have been fired in your gun.
- Do not use these dies with autoloaders, slide, or lever action guns.
- Ensure that the collet die is properly adjusted before use to prevent damage to the cases.
- Handle all components with care to avoid injury or accidents.
- Be aware of the maximum pressure limits for the ammunition you are reloading to prevent dangerous overpressure situations.
- Avoid distractions while reloading to maintain focus and safety.

Instructions for Installation and Usage

1. Setup:

- Read the manufacturer's instructions carefully before starting.
- Ensure your reloading press is compatible with the LEE COLLET dies.
- Install the collet die in your reloading press according to the manufacturer's guidelines.

2. Adjusting the Die:

- Adjust the die to ensure it sizes only the neck of the case.
- Use a precision mandrel to check the fit of the case neck after resizing.
- Ensure that the die is securely fastened to avoid movement during operation.

3. Reloading Process:

- Begin by cleaning your cases thoroughly before resizing.
- Insert the case into the die and apply steady pressure to resize the neck.
- Check the neck tension with a bullet to ensure a proper fit.
- Once resized, proceed with the reloading process as per your chosen load recipe.

4. PostUsage:

- Clean the dies after use to maintain their performance and longevity.

- Store the dies in a dry, cool place to prevent corrosion or damage.

Disposal Instructions

- Dispose of any damaged or unusable reloading components in accordance with local regulations.
- Do not dispose of ammunition or reloading components in regular household waste.
- Check with local authorities for proper disposal methods for hazardous materials.

Contact Information for Further Support

For any questions or concerns regarding the LEE COLLET 2DIE NECK SIZER SET, please refer to the manufacturer's website or contact your local retailer for assistance.

Thank you for your attention to these safety instructions. Enjoy your reloading experience with the LEE COLLET 2DIE NECK SIZER SET!
