

# LEE COLLET 2-DIE NECK SIZER SETS - LEE PRECISION 243 WIN COLLET 2-DIE NECK SIZER SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

There is no loading system that will load more accurate ammunition than Lee Collet Dies. A collet squeezes the case neck against a precision mandrel for a perfect fit with minimum run-out. No lube case is needed. Cases last ten times longer, so the savings on only 35 cases will pay for the dies. Maximum accuracy is usually achieved by seating the bullet out far enough to touch or almost touch the rifling. This provides the shot start pressure normally supplied by the crimp. That's why a dead length bullet seater is included to complete the most accurate reloading system ever made. These dies size only the neck to preserve the perfect fit of fire forming. Only reload cases that have been fired in your gun. Not recommended for autoloaders, slide or lever action guns.

## Attributes

- Name: [LEE PRECISION 243 WIN COLLET 2-DIE NECK SIZER SET](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 100053165
- Mfr. No.: 90709

# LEE COLLET 2DIE NECK SIZER SET Safety Instructions

## Introduction

Thank you for choosing the LEE COLLET 2DIE NECK SIZER SET. This product is designed to help you create accurate ammunition for your firearm. To ensure your safety and the safety of others, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always handle ammunition and reloading equipment with care.
- Ensure that your workspace is clean and free of distractions.
- Use the product only for its intended purpose.
- Keep this product out of reach of children and unauthorized users.
- Be aware of the laws and regulations regarding ammunition reloading in your jurisdiction.
- Inspect all components for damage or wear before use.
- Store the dies and all reloading components in a safe and secure location.

## Specific Safety Precautions for Use

- Only use the LEE COLLET 2DIE NECK SIZER SET with cases that have been fired in your gun.
- Do not use this product with autoloaders, slide, or lever action guns.
- Ensure that you are wearing appropriate safety gear, such as safety glasses, while reloading.
- Follow the manufacturer's instructions for setting up and using the die set.
- Avoid overtightening the collet, as this can damage the die and the cases.
- Do not use excessive force when operating the die; this may lead to injury or equipment damage.
- Always keep your hands and other body parts clear of the die during operation.

## Instructions for Installation and Usage

### 1. Setup:

- Secure the die set in your reloading press according to the manufacturer's instructions.
- Ensure that the collet die is properly aligned with the ram of the press.

### 2. Reloading Process:

- Insert the case into the collet die.
- Squeeze the case neck against the precision mandrel for a perfect fit.
- Use the dead length bullet seater included in the set to seat the bullet accurately.
- Check for any signs of damage or deformation on the cases after sizing.

### 3. PostUse:

- Clean the dies after each use to prevent buildup of residue.
- Store the dies in a dry, cool place to avoid corrosion.

## Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local regulations.
- Do not throw away reloading components in regular trash; check for recycling programs in your area.
- Ensure that all spent cases are disposed of safely and responsibly.

## **Contact Information for Further Support**

For safety inquiries or additional support, please reach out to the designated EU contact point provided with your product packaging or documentation.

By following these safety instructions, you can ensure a safe and effective reloading experience with your LEE COLLET 2DIE NECK SIZER SET. Thank you for prioritizing safety in your reloading practices.
