

LEE COLLET 2-DIE NECK SIZER SETS - LEE PRECISION 308 WIN COLLET 2-DIE NECK SIZER SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

There is no loading system that will load more accurate ammunition than Lee Collet Dies. A collet squeezes the case neck against a precision mandrel for a perfect fit with minimum run-out. No lube case is needed. Cases last ten times longer, so the savings on only 35 cases will pay for the dies. Maximum accuracy is usually achieved by seating the bullet out far enough to touch or almost touch the rifling. This provides the shot start pressure normally supplied by the crimp. That's why a dead length bullet seater is included to complete the most accurate reloading system ever made. These dies size only the neck to preserve the perfect fit of fire forming. Only reload cases that have been fired in your gun. Not recommended for autoloaders, slide or lever action guns.

Attributes

- Name: [LEE PRECISION 308 WIN COLLET 2-DIE NECK SIZER SET](#)

Safety Instruction Guide for LEE COLLET 2DIE NECK SIZER SET

Introduction

Thank you for choosing the LEE COLLET 2DIE NECK SIZER SET. This product is designed to help you reload ammunition with maximum accuracy. To ensure safe and effective use, please read this safety instruction guide carefully. It includes important safety guidelines, usage instructions, and disposal information.

General Safety Guidelines

- Always handle reloading equipment with care and follow safety protocols.
- Ensure you are familiar with the reloading process before use.
- Keep the product out of reach of children and vulnerable individuals.
- Use this product only with cases that have been fired in your specific firearm.
- Do not use this product with autoloaders, slide, or lever action guns.
- Report any unsafe products or accidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Risk of injury if misused or handled improperly.
 - Risk of damage to your firearm if incorrect ammunition is used.
- **Avoiding Hazards:**
 - Always wear safety glasses when reloading ammunition.
 - Ensure your workspace is clean and organized to prevent accidents.
 - Do not overload cases beyond recommended specifications.
 - Avoid using damaged or wornout components.
 - Follow all manufacturer guidelines for your specific firearm.

Instructions for Installation and Usage

- **Installation:**
 1. Ensure your reloading press is securely mounted and stable.
 2. Install the LEE COLLET dies according to the press manufacturer's instructions.
 3. Adjust the die settings to ensure the correct sizing of the case neck.
- **Usage:**
 1. Prepare your workspace and gather all necessary tools and materials.
 2. Inspect cases for cleanliness and integrity before reloading.
 3. Insert the case into the die and ensure it is properly aligned.
 4. Use the dead length bullet seater to achieve maximum accuracy.
 5. Follow all recommended procedures for seating bullets and crimping.
 6. After reloading, inspect each round for proper fit and function.

Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local regulations.
- Do not dispose of ammunition in regular waste. Follow local guidelines for hazardous materials.
- Recycle any metal components where possible.

Contact Information for Further Support

For any questions or concerns regarding the use of the LEE COLLET 2DIE NECK SIZER SET, please refer to the manufacturer's website or contact their customer service for assistance.

Thank you for prioritizing safety and accuracy in your reloading activities. Enjoy your reloading experience with the LEE COLLET 2DIE NECK SIZER SET!
