

LEE COLLET 2-DIE NECK SIZER SETS - LEE PRECISION 8X57MM MAUSER COLLET 2-DIE NECK SIZER SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

There is no loading system that will load more accurate ammunition than Lee Collet Dies. A collet squeezes the case neck against a precision mandrel for a perfect fit with minimum run-out. No lube case is needed. Cases last ten times longer, so the savings on only 35 cases will pay for the dies. Maximum accuracy is usually achieved by seating the bullet out far enough to touch or almost touch the rifling. This provides the shot start pressure normally supplied by the crimp. That's why a dead length bullet seater is included to complete the most accurate reloading system ever made. These dies size only the neck to preserve the perfect fit of fire forming. Only reload cases that have been fired in your gun. Not recommended for autoloaders, slide or lever action guns.

Attributes

- Name: [LEE PRECISION 8X57MM MAUSER COLLET 2-DIE NECK SIZER SET](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 100053174
- Mfr. No.: 90719

LEE COLLET 2DIE NECK SIZER SET Safety Instructions

Introduction

Thank you for choosing the LEE COLLET 2DIE NECK SIZER SET for your reloading needs. This guide provides important safety information and instructions to ensure safe and effective use of the product. Please read this guide carefully before use.

General Safety Guidelines

- Ensure safe use of the product by following these general safety guidelines:
 - Always wear appropriate eye protection while reloading ammunition.
 - Keep the reloading area clean and organized to prevent accidents.
 - Store all reloading components, including dies, in a secure location out of reach of children.
 - Follow all local laws and regulations regarding ammunition reloading and storage.
 - Do not use the dies for any purpose other than intended.

Specific Safety Precautions for Use

- Before using the LEE COLLET 2DIE NECK SIZER SET, please observe the following precautions:
 - Only use this product with cases that have been fired in your gun to ensure proper sizing and fit.
 - Do not attempt to resize cases that have been fired in a different firearm.
 - Avoid using the dies with autoloaders, slide, or lever action guns, as this may lead to dangerous malfunctions.
 - Always ensure that the collet die is properly adjusted before use to prevent damage to the die or cases.
 - Inspect all reloaded ammunition before use for any signs of damage or improper assembly.

Instructions for Installation and Usage

- Follow these steps for proper installation and usage of the LEE COLLET 2DIE NECK SIZER SET:
 1. **Installation:**
 - Secure the die to your reloading press according to the manufacturer's instructions.
 - Ensure that the die is tightened properly to prevent movement during use.
 2. **Preparation:**
 - Clean the cases thoroughly to remove any dirt or debris.
 - Inspect the cases for any signs of damage before resizing.
 3. **Resizing:**
 - Insert the case into the collet die and ensure it is seated correctly.
 - Pull the handle of the reloading press to squeeze the case neck against the precision mandrel.
 - Remove the resized case and check for proper fit and runout.
 4. **Bullet Seating:**
 - Use the dead length bullet seater included in the set to seat the bullet to the desired depth.
 - Ensure that the bullet touches or is close to the rifling for maximum accuracy.
 5. **Final Inspection:**
 - Inspect the completed round for any defects or issues before storage or use.

Disposal Instructions

- Dispose of any unusable or damaged components safely and in accordance with local regulations.
- Do not throw away reloaded ammunition that does not meet safety standards.

Contact Information for Further Support

- For any safety inquiries or concerns regarding the LEE COLLET 2DIE NECK SIZER SET, please refer to the manufacturer's customer service resources.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe and successful reloading experience with the LEE COLLET 2DIE NECK SIZER SET. Always prioritize safety and remain informed about best practices in ammunition reloading. Thank you for your attention to these important safety measures.
