

COLLET NECK SIZER DIES - LEE PRECISION .270 WIN COLLET NECK SIZER DIE ONLY

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

There is no loading system that will load more accurate ammunition than Lee Collet Dies. A collet squeezes the case neck against a precision mandrel for a perfect fit with minimum run-out. No lube case is needed. Cases last ten times longer, so the savings on only 35 cases will pay for the dies.

Attributes

- Name: [LEE PRECISION .270 WIN COLLET NECK SIZER DIE ONLY](#)

Safety Instruction Guide for COLLET NECK SIZER DIES LEE PRECISION .270 WIN COLLET NECK SIZER DIE ONLY

Introduction

Thank you for choosing the Lee Precision Collet Neck Sizer Die for your reloading needs. This guide provides essential safety instructions to ensure safe and effective use of the product. It is crucial to follow these guidelines to minimize risks and enhance your reloading experience.

General Safety Guidelines

- Ensure that you are familiar with the operation of reloading equipment before use.
- Always wear appropriate safety gear, including safety glasses, when handling reloading equipment.
- Keep your workspace clean and organized to prevent accidents.
- Store all reloading components, including dies, in a safe place away from children and pets.
- Regularly inspect your equipment for any signs of wear or damage before use.

Specific Safety Precautions for Use

- Only use the Collet Neck Sizer Die with .270 Winchester cartridge cases.
- Avoid overtightening the die during installation, as this may cause damage to the die or your reloading press.
- Do not attempt to modify or alter the die in any way.
- Use the die only for its intended purpose, which is neck sizing of cartridge cases.
- Always follow the manufacturer's instructions for your reloading press when using the die.
- Be aware of the potential for lead exposure when reloading ammunition. Wash your hands thoroughly after handling lead components.
- Dispose of any used or damaged cases according to local regulations.

Instructions for Installation and Usage

1. Installation:

- Ensure your reloading press is securely mounted and in good working condition.
- Insert the Collet Neck Sizer Die into the press and tighten it according to the manufacturer's specifications.
- Adjust the die so that it makes contact with the shell holder when the ram is at the top of its stroke.

2. Usage:

- Prepare your cartridge cases by cleaning them thoroughly before sizing.
- Insert the case into the shell holder of the press.
- Pull the handle of the press to raise the ram, allowing the collet to squeeze the neck of the case against the mandrel.
- Lower the ram to complete the sizing process.
- Remove the sized case and inspect it for proper fit and finish.
- Repeat the process for additional cases as needed.

Disposal Instructions

- Dispose of any used or damaged cartridge cases in accordance with local regulations.
- Do not dispose of reloading components in regular household waste.
- Check with your local waste management facility for proper disposal methods for hazardous materials.

Contact Information for Further Support

For any questions or concerns regarding the Collet Neck Sizer Die, please refer to the manufacturer's website or contact your local dealer for assistance.

Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with the Lee Precision Collet Neck Sizer Die. Always prioritize safety and stay informed about best practices in reloading. Thank you for your attention to these important guidelines.
