# Safety Instruction Guide for PISTOL CARBIDE 3 DIE SETS LEE PRECISION 32 S&W CARBIDE 3DIE SET

## Introduction

Thank you for choosing the PISTOL CARBIDE 3 DIE SETS LEE PRECISION 32 S&W CARBIDE 3DIE SET. This product is designed to assist you in reloading ammunition safely and effectively. Please read this safety instruction guide carefully to ensure proper use and to minimize any potential hazards.

## General Safety Guidelines

- Always wear appropriate safety gear, including safety glasses and hearing protection, when using reloading equipment.
- Keep your reloading area clean and organized to prevent accidents.
- Store all reloading components, including dies, powder, and primers, in a safe and secure location away from children and pets.
- Never exceed the recommended load data provided in the instructions.
- Always doublecheck your measurements and setups before proceeding with reloading.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Ensure that the die set is compatible with your specific reloading press before use.
- Do not use the dies if they show signs of damage or wear.
- Avoid inhaling any dust or fumes generated during the reloading process.
- Be cautious when handling powder and primers, as they can be sensitive to heat and impact.
- Keep all tools and components away from flammable materials.
- Ensure that your workspace is wellventilated to avoid the accumulation of harmful fumes.

## Instructions for Installation and Usage

### 1. Unboxing the Die Set:

- Carefully remove the die set from the packaging.
- Verify that all components are included: Carbide Full Length Sizing Die, Bullet Seating Die, Powder Thru Expanding Die, Shell Holder, Powder Dipper, and Instructions/Load Data.

### 2. Setting Up the Reloading Press:

- Follow the manufacturer's instructions for your specific reloading press.
- Install the Carbide Full Length Sizing Die into the press according to the instructions provided with the press.

### 3. Using the Dies:

- **Carbide Full Length Sizing Die:**
  - Adjust the die to ensure proper sizing of the cartridge.
  - Insert the cartridge case into the die and operate the press to resize the case.
- **Bullet Seating Die:**
  - Set the die for the desired bullet seating depth.
  - Place a bullet on top of the charged case and operate the press to seat the bullet.

- **Powder Thru Expanding Die:**

- Adjust the die to expand the case mouth for bullet seating.
- Ensure that the correct amount of powder is dispensed during this process.

#### **4. Final Inspection:**

- After reloading, inspect each cartridge for proper seating and overall quality.
- Store reloaded ammunition in a safe and secure location.

## **Disposal Instructions**

- Dispose of any unused or expired reloading components in accordance with local regulations.
- Do not dispose of hazardous materials in regular waste. Contact your local waste management authority for proper disposal methods.

## **Contact Information for Further Support**

For safety inquiries or additional support, please refer to the manufacturer's contact information provided with the product packaging or visit the manufacturer's website.

By following these safety instructions, you can enjoy a safe and successful reloading experience. Thank you for your attention to safety and compliance.
