# PISTOL CARBIDE 3 DIE SETS LEE PRECISION 38 SUPER CARBIDE 3DIE SET Safety Instructions

## Introduction

Thank you for choosing the PISTOL CARBIDE 3 DIE SETS LEE PRECISION 38 SUPER CARBIDE 3DIE SET. This guide provides essential safety instructions to ensure the safe and effective use of your die set. Please read this document carefully before use.

## General Safety Guidelines

- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling reloading equipment.
- Keep the die set out of reach of children and unauthorized persons.
- Ensure that your workspace is clean, welllit, and free from clutter to avoid accidents.
- Use the die set only for its intended purpose. Do not modify or misuse the equipment.
- Regularly inspect the die set for any signs of wear or damage. Do not use damaged components.
- Store the die set in a dry and secure location to prevent rust and deterioration.

## Specific Safety Precautions for Use

- **Carbide Dies:** These dies do not require sizing lube, but ensure that the dies are clean and free from debris before use.
- **Bullet Seating Die:** Ensure that the bullet is seated correctly to avoid misfires or inconsistent ammunition performance.
- **Powder Thru Expanding Die:** Use caution when handling powder. Follow all safety guidelines for powder handling to avoid spills or accidents.
- **Shell Holder:** Make sure the shell holder is compatible with the cartridge you are using to prevent damage or injury.
- **Instructions/Load Data:** Always refer to the provided load data and instructions for safe reloading practices. Follow recommended loads strictly.

## Instructions for Installation and Usage

### 1. Setup:

- Secure the reloading press to a stable workbench.
- Gather all necessary tools and components, including the die set, shell holder, and powder.

### 2. Installing the Dies:

- Start with the Carbide Full Length Sizing Die. Screw it into the press until it is snug, but do not overtighten.
- Next, install the Bullet Seating Die, ensuring it is adjusted to the desired bullet seating depth.
- Finally, install the Powder Thru Expanding Die, making sure it is positioned correctly to expand the case mouth.

### 3. Using the Die Set:

- Insert the appropriate shell holder into the press.
- Place a clean, empty cartridge case into the shell holder.
- Follow the steps in the load data to measure and dispense the correct amount of powder.
- Use the sizing die to resize the case, then expand the case mouth with the Powder Thru Expanding

Die.

- Seat the bullet using the Bullet Seating Die, ensuring proper alignment and depth.

#### **4. PostUse:**

- After reloading, clean the dies and store them properly to maintain their condition.
- Dispose of any unused powder and materials according to local regulations.

## **Disposal Instructions**

- Dispose of any unused or expired reloading materials in accordance with local regulations.
- Do not dispose of hazardous materials in regular trash. Contact local waste management for proper disposal methods.
- Ensure that all components of the die set are disposed of responsibly, following environmental guidelines.

## **Contact Information for Further Support**

For further assistance or inquiries regarding the PISTOL CARBIDE 3 DIE SETS LEE PRECISION 38 SUPER CARBIDE 3DIE SET, please refer to the manufacturer's official resources or customer service channels.

By following these safety instructions, you can ensure a safe and productive reloading experience. Always prioritize safety and adhere to best practices for handling reloading equipment. Thank you for your attention to these important guidelines.
