# Safety Instruction Guide for PISTOL CARBIDE 3 DIE SETS LEE PRECISION 460 S&W

## Introduction

Thank you for choosing the PISTOL CARBIDE 3 DIE SETS from LEE PRECISION. This product is designed to provide you with the tools necessary for reloading ammunition for the 460 S&W cartridge. While using this product, it is essential to follow safety guidelines to ensure a safe and effective reloading experience. This guide provides important safety instructions and precautions to help you use the die set safely.

## General Safety Guidelines

- Always handle reloading equipment with care and follow all safety instructions.
- Ensure you are in a wellventilated area while reloading.
- Keep the work area clean and organized to avoid accidents.
- Store all reloading components, including powders and primers, in a secure and safe location.
- Always wear appropriate safety gear, including safety glasses and gloves, while reloading.
- Be aware of your surroundings and ensure that children and pets are kept away from the reloading area.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

### • Hazard Identification:

- The reloading process involves the use of potentially hazardous materials, including gunpowder and primers.
- Improper handling of these materials can lead to serious injury or damage.

### • Avoiding Hazards:

- Always read and follow the instructions provided with the die set.
- Never exceed the recommended loads for your ammunition.
- Use only the specified components for reloading.
- Ensure that all dies are properly adjusted before use.
- Regularly inspect your equipment for any signs of wear or damage.

### • Audience Specific Warnings:

- This product is intended for adult use only. Keep out of reach of children.
- If you are inexperienced with reloading, seek guidance from a knowledgeable individual or take a reloading safety course.

## Instructions for Installation and Usage

### 1. Setting Up the Die Set:

- Remove all components from the packaging and inspect for any damage.
- Refer to the instructions included in the set for specific assembly instructions.
- Install the Carbide Full Length Sizing Die in your reloading press according to the manufacturer's instructions.

### 2. Reloading Process:

- Start by resizing the brass cases using the Full Length Sizing Die.
- Follow up with the Powder Thru Expanding Die to prepare the cases for bullet seating.
- Use the Bullet Seating Die to properly seat the bullets into the prepared cases.
- Make sure to check the overall length of the cartridges to ensure they meet specifications.

### **3. Cleaning and Maintenance:**

- After use, clean the dies with a soft cloth to remove any residue.
- Store the dies in a dry place to prevent rust and corrosion.

## **Disposal Instructions**

- Dispose of any unused or excess reloading materials in accordance with local regulations.
- Do not throw away hazardous materials in regular trash. Instead, contact local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the PISTOL CARBIDE 3 DIE SETS, please refer to the manufacturer's website or contact their support team directly for assistance.

By following these safety guidelines and instructions, you can ensure a safe and successful reloading experience with your PISTOL CARBIDE 3 DIE SETS. Always prioritize safety and adhere to best practices while handling reloading equipment. Thank you for your attention to these important safety measures.
