

PISTOL CARBIDE FACTORY CRIMP DIES - LEE PRECISION LEE CARBIDE FACTORY CRIMP DIE, 32 S&W LG

[Reloading](#) > [Reloading Dies](#) > [Handgun Dies](#)

Sizes the cartridge while being crimped so every round will positively chamber freely with factory like dependability The adjusting screw quickly and easily sets the desired amount of crimp Trim Length is not critical so this extra operation takes less time than it would if cases were trimmed and chamfered A firm crimp is essential for dependable and accurate ammunition, as it eliminates the problems of poor ignition of slow burning magnum powders Made of steel and features an internal carbide ring Carbide dies do not require the use of case lube

Safety Instruction Guide for PISTOL CARBIDE FACTORY CRIMP DIES

Introduction

Thank you for choosing the PISTOL CARBIDE FACTORY CRIMP DIES by LEE PRECISION. This guide provides important safety instructions and usage guidelines to ensure your safety and the effective operation of this product. Please read this manual carefully before use.

General Safety Guidelines

- Ensure safe use of the PISTOL CARBIDE FACTORY CRIMP DIES by following all instructions.
- Be aware of potential hazards associated with reloading ammunition.
- Use appropriate personal protective equipment (PPE) such as safety glasses and gloves.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about recalls and safety updates through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Always verify that the die is compatible with the cartridge you are using: 32 Auto (ACP), 32 H&R Magnum, or 32 S&W Long.
- Inspect the die for any damage or wear before each use.
- Do not modify the die or use it for purposes other than intended.
- Ensure that the workspace is clean and free from distractions while reloading.
- Follow the manufacturer's instructions for adjusting the crimp to avoid overcrimping, which can lead to unsafe ammunition.
- Never use the die with lubricated cases, as carbide dies do not require case lube.
- Store the die in a dry and secure location when not in use.

Instructions for Installation and Usage

• Installation:

1. Ensure your reloading press is securely mounted.
2. Insert the PISTOL CARBIDE FACTORY CRIMP DIE into the press according to the manufacturer's instructions.
3. Tighten the locking ring to secure the die in place.

• Usage:

1. Prepare your cartridge cases by cleaning them to remove any debris.
2. Adjust the crimping screw to the desired depth before starting.
3. Place the cartridge case into the shell holder of your reloading press.
4. Pull the handle of the press to crimp the cartridge.
5. Inspect the crimped cartridge to ensure it meets your specifications.

• PostUse:

1. Clean the die after use to remove any residue.
2. Store the die in its original packaging or a safe container.

Disposal Instructions

- Dispose of any damaged or unusable dies according to local regulations.
- Do not discard in regular household waste. Check for local hazardous waste disposal programs.
- Ensure all ammunition components are disposed of safely to prevent accidents.

Contact Information for Further Support

For any inquiries or support regarding the PISTOL CARBIDE FACTORY CRIMP DIES, please refer to the contact information provided in the product packaging or visit the manufacturer's website.

By following these safety guidelines and instructions, you can ensure a safe and effective reloading experience with your PISTOL CARBIDE FACTORY CRIMP DIES. Thank you for your attention to safety.
