# Safety Instruction Guide for STEEL 3DIE PISTOL DIE SETS LEE PRECISION .30 LUGER FULL LENGTH SIZING 3DIE SET STEEL

## Introduction

Thank you for choosing the Lee Steel 3Die Pistol Die Set for your reloading needs. This product is designed to assist you in the safe and efficient reloading of .30 Luger cartridges. Please read this safety instruction guide carefully to ensure proper use and compliance with safety standards.

## General Safety Guidelines

- Always wear appropriate safety gear, including safety glasses and gloves, when handling reloading equipment.
- Keep the workspace clean and organized to prevent accidents.
- Store the die set in a dry and secure location, away from children and unauthorized users.
- Familiarize yourself with the specific requirements for reloading .30 Luger cartridges before use.
- Regularly inspect the die set for signs of wear or damage. Do not use damaged equipment.
- Ensure that all components used in the reloading process are compatible with the die set.

## Specific Safety Precautions for Use

- These dies are made of steel; therefore, it is essential to lubricate cases before sizing to prevent sticking.
- Always follow the manufacturer's instructions for die setup and usage.
- Do not exceed the recommended load data provided in the instructions.
- Keep fingers and hands away from moving parts during operation.
- Use a reliable scale to measure powder charges accurately.
- Ensure that the work area is well-ventilated when using powder and primers.
- Be aware of the risks associated with handling gunpowder and primers, as they can be hazardous.

## Instructions for Installation and Usage

### 1. Setup:

- Gather all necessary tools and components, including the die set, universal shell holder, powder dipper, and instructions.
- Ensure that your reloading press is securely mounted and stable.

### 2. Installation of Dies:

- Install the Full Length Sizing Die into the press according to the manufacturer's instructions.
- Follow with the Bullet Seating Die and Powder Through Expanding Die, ensuring they are properly adjusted.

### 3. Using the Die Set:

- Lubricate the cases before inserting them into the Full Length Sizing Die.
- Use the Powder Through Expanding Die to prepare the case for bullet seating.
- Adjust the Bullet Seating Die to achieve the desired bullet depth as per your load specifications.

### 4. PostUse:

- After reloading, clean the dies with a suitable cleaning solution to remove residue.
- Store the die set in its original packaging or a secure container to protect it from damage.

## **Disposal Instructions**

- Dispose of any unused or expired components, including gunpowder and primers, in accordance with local regulations.
- Do not dispose of hazardous materials in regular trash. Contact local waste management for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the Lee Steel 3Die Pistol Die Set, please refer to the manufacturer's contact information provided in the product packaging. It is essential to have access to support for safe and effective usage.

## **Conclusion**

By following the guidelines and precautions outlined in this safety instruction guide, you can ensure a safe and successful reloading experience with your Lee Steel 3Die Pistol Die Set. Always prioritize safety and comply with local regulations when handling reloading equipment and materials.
