Safety Instruction Guide for STEEL 3DIE PISTOL DIE SETS LEE PRECISION .50 AE

Introduction

Thank you for choosing the STEEL 3DIE PISTOL DIE SETS LEE PRECISION .50 AE. This product is designed for reloading ammunition and includes a Full Length Sizing Die, Bullet Seating Die, Powder Through Expanding Die, Universal Shell Holder, Powder Dipper, and Instructions/Load Data. It is essential to follow the safety guidelines outlined in this document to ensure safe and effective use of the product.

General Safety Guidelines

- Always read and understand the instructions before using the product.
- Ensure that the work area is clean, dry, and welllit.
- Keep the die set and all components out of reach of children and pets.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling materials.
- Be aware of the potential hazards associated with reloading ammunition, including exposure to lead and other chemicals.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Lubrication Requirement:** Since these dies are made of steel, it is necessary to lubricate cases before sizing to avoid damage.
- **Handling of Components:** Handle all dies and tools with care to prevent injury or damage.
- **Use of Proper Equipment:** Ensure that you are using the correct equipment and tools that are compatible with the .50 AE cartridge.
- **Storage:** Store the die set in a safe, dry place when not in use to prevent rust and damage.
- **Age Restrictions:** This product is intended for use by individuals 18 years of age and older. Ensure that minors are supervised when in the vicinity of reloading activities.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and components.
- Ensure the workspace is organized and free from distractions.

2. Installation:

- Install the Full Length Sizing Die into the reloading press according to the manufacturer's instructions.
- Securely attach the Bullet Seating Die and Powder Through Expanding Die in the same manner.

3. Reloading Process:

- Lubricate the cases thoroughly before inserting them into the Full Length Sizing Die.
- Follow the load data provided in the instructions for accurate measurements and powder charges.
- Use the Bullet Seating Die to properly seat the bullets to the desired depth.
- Use the Powder Through Expanding Die to ensure proper powder placement.

4. Final Checks:

- Inspect all completed cartridges for proper seating and powder levels.
- Store completed ammunition in a safe and secure manner.

Disposal Instructions

- Dispose of any unused or defective components in accordance with local regulations.
- Do not throw away used or damaged ammunition in regular trash. Follow local laws for the disposal of ammunition.

Contact Information for Further Support

For any safety inquiries or additional support regarding the STEEL 3DIE PISTOL DIE SETS LEE PRECISION .50 AE, please refer to the contact information provided with the product packaging or visit the official website of LEE PRECISION.

By following these safety guidelines and instructions, you can ensure a safe and effective reloading experience. Thank you for prioritizing safety in your reloading practices.
