

# CLASSIC BULLET SIZING KIT - LEE PRECISION 0.314" DIAMETER

## CLASSIC BULLET SIZING KIT

[Reloading](#) > [Bullet Casting](#) > [Lube & Sizer Dies](#)

Lee Bullet Sizing Kits are the fastest and easiest way to size cast bullets. Standard 7-8x14" threads fit any single stage reloading press. Bullets are pushed through the sizing die nose first, so no special nose punches are needed. Gas checks are automatically seated and crimped in place. Sized bullets are captured in the special container. Complete for one size. Press and bullet lubricant are sold separately. Special note: Intended for use on single stage presses only. The push through Punch is used in place of a Shell Holder in the Ram. Lee does not make top punches for molds. With the use of this kit, a top punch is not necessary. To crimp gas checks with the lube and size kit, first lubricate the bullets with liquid alox, push a gas check on the base of the bullet and set the bullet on the punch. When the bullet is pushed through the sizing die, the bullet will be sized, and the gas check will be crimped on. For cast bullets, you want to select a sizing kit to be .001" larger than groove diameter.

### Attributes

- Name: [LEE PRECISION 0.314" DIAMETER CLASSIC BULLET SIZING KIT](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 100053247
- Mfr. No.: 90044
- Diameter (in): 0.314
- Delivery weight: 0.408kg
- Shipping height: 140mm
- Shipping width: 82mm
- Shipping length: 82mm
- UPC: 734307900441

# Safety Instruction Guide for CLASSIC BULLET SIZING KIT LEE PRECISION 0.314"

## Introduction

Thank you for choosing the CLASSIC BULLET SIZING KIT by LEE PRECISION. This guide provides important safety instructions and usage guidelines to ensure safe and effective operation of the product. Please read this document carefully before using the kit.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in the product specifications.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for wear or damage before each use.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when using this kit.
- Be aware of your surroundings and ensure that the workspace is clean and free from hazards.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Use the CLASSIC BULLET SIZING KIT only on single stage reloading presses.
- Do not attempt to use the kit with any other type of press or equipment.
- Always lubricate the bullets with liquid alox before sizing to prevent damage and ensure smooth operation.
- Avoid direct contact with the sizing die and other moving parts during operation to prevent injury.
- Ensure that the gas checks are properly seated before pushing the bullets through the sizing die.
- Do not exceed the recommended sizing diameter of .001" larger than the groove diameter of your cast bullets.

## Instructions for Installation and Usage

### 1. Setup:

- Securely attach the sizing die to your single stage reloading press using standard 78x14" threads.
- Ensure that the press is stable and properly mounted.

### 2. Lubrication:

- Apply liquid alox lubricant to the cast bullets to facilitate smooth sizing.
- Make sure the lubricant is evenly applied to the entire surface of the bullet.

### 3. Sizing Process:

- Place a gas check onto the base of the bullet.
- Position the bullet on the pushthrough punch in the ram of the press.
- Slowly push the bullet through the sizing die.
- Observe the process to ensure that the gas check is crimped properly onto the bullet.

### 4. PostUse:

- After sizing, check the bullets to ensure they are properly sized and the gas checks are securely crimped.

- Store the sized bullets in the special container provided with the kit.

## **Disposal Instructions**

- Dispose of any damaged or unusable parts in accordance with local regulations.
- Ensure that all waste materials, including lubricants and packaging, are disposed of responsibly to minimize environmental impact.

## **Contact Information for Further Support**

For any inquiries regarding safety or product support, please refer to the contact information provided with your product packaging.

Thank you for your attention to these safety guidelines. Your safety is our priority, and following these instructions will help ensure a safe and enjoyable experience with your CLASSIC BULLET SIZING KIT.
