AUTODISK POWDER MEASURE RISER SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the Lee Auto Disk Riser. This product is designed to enhance the functionality of your Auto Disk powder measure by providing additional height for better clearance during use, particularly with the Safety Prime. It is essential to follow the safety instructions outlined in this guide to ensure safe and effective use of the product.

General Safety Guidelines

- Always read the instruction manual carefully before using the product.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any damage or wear before each use. Do not use if damaged.
- Ensure that the installation area is stable and free from hazards.
- Follow all local regulations regarding the use of powder measures and related equipment.
- Report any unsafe conditions or accidents to the relevant authorities immediately.
- Stay informed about product recalls and safety updates via the EU Safety Gate platform.

Specific Safety Precautions for Use

- Ensure the Auto Disk Riser is securely attached to the turret press before use.
- Use the product only for its intended purpose as described in this guide.
- Avoid overloading the powder measure beyond its specified capacity.
- Do not attempt to modify or disassemble the product.
- Always wear appropriate safety gear, such as safety glasses, when using the powder measure.
- Store the product in a cool, dry place when not in use to prevent deterioration.

Instructions for Installation and Usage

Installation

1. **Preparation:** Ensure that the turret press is powered off and disconnected from any power source if applicable.
2. **Positioning:** Place the Auto Disk Riser on the mounting location of the turret press.
3. **Securing:** Use the provided screws or fasteners to securely attach the riser to the turret press. Ensure all connections are tight and stable.
4. **Final Check:** Inspect the installation to confirm that the riser is securely mounted and that there is no movement.

Usage

1. **Loading the Powder Measure:** Follow the manufacturer's instructions for loading the powder measure onto the Auto Disk Riser.
2. **Adjusting for Safety Prime:** Ensure that the Safety Prime can operate without obstruction. Adjust the height of the powder measure if necessary.
3. **Operation:** Operate the powder measure according to the manufacturer's specifications. Monitor the process closely to ensure safe operation.
4. **PostUse Care:** After use, clean the powder measure and the riser according to the manufacturer's cleaning instructions.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste. Check for recycling options in your area.
- Ensure that any hazardous materials are disposed of safely and responsibly.

Contact Information for Further Support

For any questions or concerns regarding the Lee Auto Disk Riser, please consult the manufacturer's website or contact their customer support for assistance. It is important to have access to expert guidance to ensure safe and effective use of the product.

By following these safety instructions, you will help ensure a safe and effective experience with the Lee Auto Disk Riser. Thank you for your attention to safety and compliance with the EU General Product Safety Regulation.
