# AUTODISK DOUBLE DISK KIT Safety Instructions

## Introduction

Thank you for choosing the AUTODISK DOUBLE DISK KIT by Lee Precision. This product is designed to enhance your powder measuring experience by allowing for increased capacity and fine adjustments. To ensure your safety and the safe operation of this product, please read this guide carefully before use.

## General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Ensure that the product is kept out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear before use.
- Do not use the product for purposes other than those specified by the manufacturer.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls and safety updates via the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that the product is placed on a stable, flat surface before use to prevent tipping or spilling.
- Avoid overloading the powder hopper beyond its specified capacity to prevent malfunction.
- When adjusting the disks, make sure your hands are dry and free of any substances that may cause slipping.
- Use caution when handling powders, as some may be hazardous if inhaled or ingested.
- Always wear appropriate personal protective equipment (PPE), such as gloves and safety glasses, when using the product.
- Do not use the product in wet or damp conditions to prevent electrical hazards.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the powder measure is unplugged before installation.
- Raise the powder hopper to allow for the stacking of the disks.
- Select the appropriate disk (A, B, C, or D) based on the desired capacity:
  - Disk A: .30 to .43 cc
  - Disk B: .46 to .66 cc
  - Disk C: .71 to 1.02 cc
  - Disk D: 1.09 to 1.57 cc
- Carefully stack the chosen disk on top of the lower disk, ensuring they are properly aligned.
- Secure the disks in place as per the manufacturer's instructions.

### 2. Usage:

- Fill the powder hopper with the desired powder, ensuring not to exceed the maximum capacity.
- Adjust the disk settings to achieve the desired measurement.
- Use the measuring tool to dispense the powder as needed.
- After use, clean the measuring tool and the area around the product to prevent any powder buildup.

## Disposal Instructions

- Dispose of the product in accordance with local regulations on electronic waste and hazardous materials.
- Ensure that any remaining powder is disposed of safely and in accordance with local guidelines.

- Do not throw the product in regular household waste.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and usage of the AUTODISK DOUBLE DISK KIT, please consult the manufacturer's customer service resources or refer to the product packaging for additional guidance.
