# **Safety Instruction Guide for POWDER THRU HANDGUN DIES LEE PRECISION 45 ACP POWDER THRU DIE**

## **Introduction**

Thank you for choosing the Lee Powder Thru Expanding Die for your reloading needs. This product is designed to charge the case while expanding the case mouth, ensuring efficient and safe reloading. Please read and follow all safety instructions carefully to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

## **General Safety Guidelines**

- Always handle reloading equipment with care and respect.
- Ensure that your workspace is clean, organized, and free from distractions.
- Keep all reloading materials, including powders and primers, out of reach of children and vulnerable individuals.
- Read and understand all instructions and warnings provided with this product.
- Regularly check for updates on product recalls or safety notices on the EU's Safety Gate platform.

## **Specific Safety Precautions for Use**

- Only use the Lee Powder Thru Expanding Die with compatible cartridges: 45 Auto (ACP).
- Ensure that the die is securely mounted in your reloading press before use.
- Always wear appropriate personal protective equipment, including safety glasses and gloves, when reloading.
- Do not exceed recommended powder charges as specified in reloading manuals.
- Be aware of the potential hazards of handling gunpowder and primers; follow all safety guidelines for these materials.
- If you notice any damage to the die or any unusual operation, stop using the product immediately and seek assistance.

## **Instructions for Installation and Usage**

### **1. Installation:**

- Securely mount the Lee Powder Thru Expanding Die in your reloading press according to the manufacturer's instructions.
- Ensure that the die is properly aligned and tightened to prevent movement during use.

### **2. Usage:**

- Prepare your cases by cleaning and inspecting them for defects.
- Insert the case into the reloading press and ensure it is properly positioned under the die.
- Use the powder funnel adapter or the Auto Disk or Pro Auto Disk Powder Measure as per the instructions provided with those products.
- Pull the handle of the press to expand the case mouth and charge the case with powder.
- After charging, visually inspect the case to ensure it has been filled correctly and there are no obstructions.

## **Disposal Instructions**

- Dispose of any unused or expired reloading materials in accordance with local regulations.
- Do not throw away gunpowder or primers in regular trash; contact your local waste management authority for proper disposal methods.
- Ensure that all packaging and materials are recycled or disposed of responsibly.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the Lee Powder Thru Expanding Die, please consult the manufacturer's website or contact their customer support. It is important to have access to reliable assistance for safe reloading practices.

By following these safety instructions and guidelines, you can ensure a safe and enjoyable reloading experience with the Lee Powder Thru Expanding Die. Thank you for prioritizing safety in your reloading activities.
