Safety Instruction Guide for Lee Taper Crimp Die, 45 Colt

Introduction

Thank you for choosing the Lee Taper Crimp Die, designed specifically for the 45 Colt cartridge. This guide provides essential safety instructions to ensure the safe and effective use of your die. Please read this guide carefully before use.

General Safety Guidelines

- Ensure that all safety equipment is worn when handling reloading tools and components.
- Keep the work area clean and organized to prevent accidents and injuries.
- Always follow the manufacturer's instructions and guidelines for use.
- Store the die and all reloading components in a secure location, out of reach of children and pets.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Do not use the die with damaged or worn components.
- Always inspect the die before each use to ensure it is in good working condition.
- Use only jacketed bullets that have a crimp groove when using this die.
- Avoid wearing loose clothing or jewelry that could get caught in machinery.
- Never exceed the recommended load data for the cartridge.
- Use the die in a wellventilated area to avoid inhalation of any dust or particles.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is securely mounted and stable.
- Remove any previous dies from the press before installing the Lee Taper Crimp Die.
- Screw the die into the press until it is snug, ensuring it is aligned properly with the shell holder.
- Adjust the die according to the manufacturer's instructions for the desired crimp strength.

2. Usage:

- Place a cartridge case in the shell holder of the press.
- Raise the ram to bring the case into contact with the die.
- Gradually lower the ram to apply the crimp. Repeat this process as necessary to achieve the desired crimp.
- Inspect the crimped cartridges for uniformity and make adjustments to the die as needed.

Disposal Instructions

- Dispose of any used or damaged reloading components in accordance with local regulations.
- Do not discard the die in regular household waste. Contact local waste management authorities for proper disposal methods.
- Ensure that all components are stored securely until disposal to prevent accidental use.

Contact Information for Further Support

For any inquiries regarding safety or product support, please refer to the manufacturer's official website or contact their customer service. Ensure that you have your product details available for reference.

Thank you for your attention to these safety instructions. Proper use and care of your Lee Taper Crimp Die will enhance your reloading experience and ensure your safety.
