

# R.E.A.L. BULLET & COMBO MOLDS - LEE PRECISION 50 CALIBER 320GR REAL, 0.490" ROUND BALL MOLD

[Reloading](#) > [Bullet Casting](#) > [Casting Moulds](#) > [Muzzleloading Moulds](#)

The Lee Combo moulds cast one REAL bullet and one round ball bullet. The REAL bullet features driving bands that are large enough to adequately engage the rifling when pushed in to the muzzle, yet thin enough to withstand maximum charges without stripping or gas cutting.

## Attributes

- Name: [LEE PRECISION 50 CALIBER 320GR REAL, 0.490" ROUND BALL MOLD](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 100053285
- Mfr. No.: 90488
- Delivery weight: 0.363kg
- Shipping height: 52mm
- Shipping width: 66mm
- Shipping length: 272mm
- UPC: 734307904883

# **R.E.A.L. BULLET & COMBO MOLDS LEE PRECISION 50 CALIBER 320GR REAL, 0.490" ROUND BALL MOLD Safety Instruction Guide**

## **Introduction**

Thank you for choosing the R.E.A.L. Bullet & Combo Molds by Lee Precision. This guide provides essential safety instructions to ensure the safe use of your product. It is designed to comply with the EU General Product Safety Regulation (GPSR) and aims to help you avoid potential hazards while maximizing the performance of your molds.

## **General Safety Guidelines**

- Always read and understand the instructions before using the product.
- Ensure that the product is suitable for your intended use.
- Keep the molds out of reach of children and vulnerable individuals.
- Regularly inspect the molds for any signs of damage or wear.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

## **Specific Safety Precautions for Use**

- Use the molds only for their intended purpose, which is to cast REAL bullets and round balls.
- Always wear appropriate personal protective equipment, including safety glasses and gloves, when handling hot materials.
- Ensure that your workspace is wellventilated and free from flammable materials.
- Avoid using the molds with incompatible materials that may cause reactions or hazards.
- Do not exceed the recommended temperatures when casting bullets to prevent deformation or other hazards.
- Keep your hands and other body parts clear of the mold when pouring materials to avoid burns and injuries.

## **Instructions for Installation and Usage**

### **1. Preparation:**

- Gather all necessary materials and tools before starting.
- Ensure that your workspace is clean and organized.

### **2. Setting Up the Molds:**

- Place the molds on a stable, heatresistant surface.
- Ensure that the molds are securely closed before pouring.

### **3. Casting Process:**

- Heat the casting material according to the manufacturer's instructions.
- Carefully pour the molten material into the mold cavities, avoiding overfilling.
- Allow the material to cool and solidify as per the recommended cooling times.

### **4. Removing Cast Bullets:**

- Once cooled, carefully open the molds to release the cast bullets.
- Use appropriate tools to assist in removing the bullets if necessary.

#### **5. Cleaning and Maintenance:**

- Clean the molds after each use to prevent residue buildup.
- Store the molds in a dry, safe place away from moisture and extreme temperatures.

## **Disposal Instructions**

- Dispose of any waste materials in accordance with local regulations.
- Do not dispose of the molds or casting materials in regular household waste unless specified by local guidelines.
- Consider recycling options if applicable.

## **Contact Information for Further Support**

For any inquiries regarding the safety and usage of the R.E.A.L. Bullet & Combo Molds, please refer to the manufacturer's contact information provided with your product packaging.

Thank you for your attention to these safety guidelines. Safe casting!
