

## 2 CAVITY RIFLE BULLET MOLDS - LEE PRECISION 30 CALIBER (0.309") 180GR ROUND NOSE DOUBLE CAVITY MOLD

[Reloading](#) > [Bullet Casting](#) > [Casting Moulds](#) > [Rifle Moulds](#)

All Lee mould blocks are made from aluminum because of its exceptional moulding qualities. All mould cavities are CNC machined for unmatched roundness and size control. All hollow base moulds are single cavity only as they have a self centering, automatic core pin for the fastest possible moulding. All moulds include handles and sprue plates.

### Attributes

- Name: [LEE PRECISION 30 CALIBER \(0.309"\) 180GR ROUND NOSE DOUBLE CAVITY MOLD](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 100053297
- Mfr. No.: 90369
- Bullet Weight (Grains): 180
- Caliber: 30 Caliber
- Cavities: -
- Diameter (in): 0.309
- Delivery weight: 0.386kg
- Shipping height: 52mm
- Shipping width: 66mm
- Shipping length: 272mm
- UPC: 734307903695

# **Safety Instruction Guide for 2 CAVITY RIFLE BULLET MOLDS LEE PRECISION 30 CALIBER (0.309") 180GR ROUND NOSE DOUBLE CAVITY MOLD**

## **Introduction**

Thank you for choosing the Lee Precision 2 Cavity Rifle Bullet Mold. This guide provides essential safety instructions to ensure safe and effective use of the product. It is important to understand and follow these guidelines to avoid hazards and ensure a safe experience.

## **General Safety Guidelines**

- Always read and understand the product manual before use.
- Ensure that the mold is used in a wellventilated area to avoid inhaling fumes.
- Keep the mold out of reach of children and vulnerable individuals.
- Wear appropriate personal protective equipment (PPE) such as gloves and safety glasses when handling the mold.
- Inspect the mold for any damage before each use. Do not use if damaged.
- Follow all local laws and regulations regarding the use of firearms and ammunition.

## **Specific Safety Precautions for Use**

- Handle the mold with care to avoid burns or injuries from sharp edges.
- Ensure that the mold is securely placed on a stable surface during use.
- Avoid overfilling the mold cavities to prevent spills and accidents.
- Use only the recommended materials and components for casting bullets.
- Allow the mold to cool down before handling after use to prevent burns.
- Do not modify the mold or use it for purposes other than intended.

## **Instructions for Installation and Usage**

### **1. Preparation:**

- Gather all necessary materials, including lead, a heat source, and personal protective equipment.
- Ensure the work area is clean, organized, and free from hazards.

### **2. Setting Up the Mold:**

- Place the mold on a stable, heatresistant surface.
- Ensure that the mold is clean and free from any debris or contaminants.

### **3. Heating the Mold:**

- Preheat the mold using a suitable heat source until it reaches the appropriate temperature for casting.
- Monitor the temperature to avoid overheating.

### **4. Casting Bullets:**

- Carefully pour the molten lead into the mold cavities, avoiding overfilling.

- Allow the lead to cool and solidify as per the manufacturer's recommendations.

#### **5. Removing Bullets:**

- Once the bullets have cooled, carefully open the mold and remove the bullets.
- Inspect the bullets for any defects before use.

#### **6. Cleaning the Mold:**

- After use, clean the mold with a suitable solvent to remove any lead residue.
- Store the mold in a dry, safe place when not in use.

## **Disposal Instructions**

- Dispose of any lead waste in accordance with local regulations regarding hazardous materials.
- Do not dispose of the mold or any components in regular household waste.
- Contact local waste management authorities for guidance on safe disposal methods.

## **Contact Information for Further Support**

For safety inquiries or to report unsafe products, please consult your local regulatory authority or visit the EU Safety Gate platform for updates and information.

By following these safety instructions, you can ensure a safe and effective experience with your Lee Precision 2 Cavity Rifle Bullet Mold. Thank you for prioritizing safety in your activities.
