

## 2 CAVITY RIFLE BULLET MOLDS - LEE PRECISION 45 CALIBER (0.459") 405GR ROUND NOSE SINGLE CAVITY MOLD

[Reloading](#) > [Bullet Casting](#) > [Casting Moulds](#) > [Rifle Moulds](#)

All Lee mould blocks are made from aluminum because of its exceptional moulding qualities. All mould cavities are CNC machined for unmatched roundness and size control. All hollow base moulds are single cavity only as they have a self centering, automatic core pin for the fastest possible moulding. All moulds include handles and sprue plates.

# Safety Instruction Guide for 2 Cavity Rifle Bullet Molds

## Introduction

Thank you for choosing the 2 Cavity Rifle Bullet Molds by Lee Precision. This guide provides essential safety instructions and guidelines to ensure the safe use and handling of your product. Please read this guide carefully before using the bullet molds.

## General Safety Guidelines

- **Product Safety:** Ensure safe use by following all instructions provided. This product is designed for nonfood use and must be handled with care.
- **Enhanced Recalls:** Stay informed about any recall notices. If you receive a recall notice, please follow the instructions provided for returning or replacing the product.
- **Online Shopping:** When purchasing this product online, ensure that the seller complies with safety requirements.
- **Special Consumer Focus:** Keep this product out of reach of children. It is not intended for use by individuals under the age of 18.
- **EU Contact Point:** For any safety inquiries, please refer to the contact information provided by the manufacturer or retailer.
- **Rapid Alerts:** Be proactive in checking for updates on product safety through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

### • Hazard Identification:

- The molds can become hot during use. Use protective gloves and tools to avoid burns.
- Handle all components with care to prevent injury from sharp edges.
- Ensure that the molds are used in a wellventilated area to avoid inhalation of fumes.

### • Avoiding Hazards:

- Never leave the molds unattended while in use.
- Ensure that the molds are securely clamped to prevent movement during operation.
- Use only the recommended materials for casting bullets to avoid chemical reactions.

### • Age Specific Warnings:

- This product is not suitable for individuals under the age of 18. Ensure adult supervision when used by individuals in this age group.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your workspace is clean and organized.
- Securely mount the bullet molds to a stable workbench or surface.
- Check that the molds are properly aligned and clamped to prevent movement during use.

### 2. Usage:

- Preheat the molds according to the manufacturer's recommendations.
- Pour the melted lead into the molds slowly to avoid spills.
- Allow the bullets to cool completely before removing them from the molds.
- Use appropriate tools to handle the hot molds and cast bullets.
- Regularly inspect the molds for wear and damage.

## **Disposal Instructions**

- Dispose of any waste materials, including leftover lead and packaging, in accordance with local regulations.
- Do not dispose of lead in regular trash. Contact your local waste management facility for proper disposal procedures.
- Ensure that all components of the product are disposed of safely to prevent environmental harm.

## **Contact Information for Further Support**

For any further inquiries or support regarding the 2 Cavity Rifle Bullet Molds, please refer to the manufacturer's contact information or your retailer's support services.

Thank you for your attention to these safety guidelines. Your safety is our priority, and we hope you enjoy using your new bullet molds responsibly.
