

6 CAVITY HANDGUN MOULDS - LEE PRECISION 45 CALIBER (0.452") 230GR TC 6-CAVITY MOLD

[Reloading](#) > [Bullet Casting](#) > [Casting Moulds](#) > [Handgun Moulds](#)

The Lee 6 Cavity Handgun moulds are made for heavy duty volume production. Moulds and blocks have steel bushings and alignment pins for lasting precision. Price includes a cam operated sprue plate to eliminate the pounding common to ordinary moulds. The sprue plate is hard anodized and held down with wave washers at each end. All Lee mould blocks are made from aluminum because of its exceptional moulding qualities. All mould cavities are CNC machined for unmatched roundness and size control. Does not include handles.

Attributes

- Name: [LEE PRECISION 45 CALIBER \(0.452"\) 230GR TC 6-CAVITY MOLD](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 100053325
- Mfr. No.: 90286
- Bullet Style: Truncated Cone
- Bullet Weight (Grains): 230
- Caliber: 45 Caliber
- Cavities: 6
- Diameter (in): 0.452
- Delivery weight: 0.522kg
- Shipping height: 44mm
- Shipping width: 102mm
- Shipping length: 330mm
- UPC: 734307902865

Safety Instruction Guide for 6 Cavity Handgun Moulds

Introduction

Thank you for choosing the Lee Precision 6 Cavity Handgun Mould. This guide provides important safety instructions and information to ensure the safe use of your mould. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that the mould is used in accordance with the manufacturer's instructions.
- Always inspect the mould for any damage or wear before use.
- Keep the mould out of reach of children and vulnerable individuals.
- Use the mould only for its intended purpose.
- Be aware of your surroundings while using the mould to prevent accidents.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), including gloves and safety goggles, when using the mould.
- Ensure that the work area is wellventilated to avoid inhalation of fumes.
- Do not exceed the recommended temperature limits while using the mould.
- Avoid using the mould near flammable materials or sources of ignition.
- Handle the mould with care to prevent injuries from sharp edges or hot surfaces.
- Do not leave the mould unattended while in use.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the workspace is clean and free of clutter.
- Gather all necessary tools and materials before starting.

2. Installation:

- Secure the mould on a stable surface to prevent movement during use.
- Attach the camoperated sprue plate according to the manufacturer's instructions.

3. Usage:

- Preheat the mould to the recommended temperature before adding material.
- Pour the material into the cavities slowly to avoid spillage.
- Allow the material to cool and solidify before removing the finished product.
- Use caution when handling the mould after use, as it may be hot.

4. Maintenance:

- Clean the mould thoroughly after each use to maintain its performance.
- Inspect for any signs of wear or damage, and replace if necessary.

Disposal Instructions

- Dispose of the mould according to local regulations and guidelines for metal products.
- Do not dispose of the mould in regular household waste.
- Consider recycling the mould if it is no longer in use.

Contact Information for Further Support

For any questions or concerns regarding the safety and usage of this product, please reach out to the manufacturer or your local distributor for assistance.

By following these safety instructions, you can ensure a safe and effective experience with your Lee Precision 6 Cavity Handgun Mould. Thank you for your attention to these important guidelines.
