

6 CAVITY HANDGUN MOULDS - LEE PRECISION 38 CALIBER (0.358") 158GR SWC 6-CAVITY MOLD

[Reloading](#) > [Bullet Casting](#) > [Casting Moulds](#) > [Handgun Moulds](#)

The Lee 6 Cavity Handgun moulds are made for heavy duty volume production. Moulds and blocks have steel bushings and alignment pins for lasting precision. Price includes a cam operated sprue plate to eliminate the pounding common to ordinary moulds. The sprue plate is hard anodized and held down with wave washers at each end. All Lee mould blocks are made from aluminum because of its exceptional moulding qualities. All mould cavities are CNC machined for unmatched roundness and size control. Does not include handles.

Attributes

- Name: [LEE PRECISION 38 CALIBER \(0.358"\) 158GR SWC 6-CAVITY MOLD](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 100053328
- Mfr. No.: 90295
- Bullet Style: Semi-Wadcutter (SWC)
- Bullet Weight (Grains): 158
- Caliber: 357 Caliber, 38 Caliber
- Cavities: 6
- Diameter (in): 0.358
- Delivery weight: 0.522kg
- Shipping height: 46mm
- Shipping width: 112mm
- Shipping length: 340mm
- UPC: 734307902957

Safety Instruction Guide for Lee 6 Cavity Handgun Moulds

Introduction

Thank you for choosing the Lee 6 Cavity Handgun Moulds. This guide provides essential safety instructions to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR). Please read and follow all instructions carefully to maximize safety and performance.

General Safety Guidelines

- Always handle the moulds with care to prevent injury or damage.
- Ensure that the moulds are used in a wellventilated area to avoid inhalation of fumes or dust.
- Keep the moulds out of reach of children and vulnerable individuals.
- Regularly inspect the moulds for wear and damage before each use.
- Follow all local laws and regulations regarding the use of moulds and ammunition.

Specific Safety Precautions for Use

- **Heat Resistance:** The moulds can become extremely hot during use. Always use protective gloves when handling hot moulds.
- **Sharp Edges:** The moulds may have sharp edges. Exercise caution to avoid cuts or injuries.
- **Proper Ventilation:** Ensure that your workspace is wellventilated to prevent the buildup of hazardous fumes.
- **Avoid Overloading:** Do not exceed the recommended limits for moulding materials to prevent accidents.
- **Use Appropriate Tools:** Always use the correct tools when operating the moulds to ensure safety and effectiveness.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your workspace is clean and organized.
- Gather all necessary tools and materials before starting.

2. Installation:

- Secure the mould in a stable location, ensuring it is level and will not tip over during use.
- Attach the camoperated sprue plate according to the manufacturer's instructions.

3. Usage:

- Preheat the mould according to the recommended temperature settings.
- Pour the molten material into the cavities carefully to avoid spills.
- Allow the material to cool completely before attempting to remove the bullets.
- Use appropriate tools to remove the bullets from the mould, taking care to avoid injury.

4. PostUse Care:

- Clean the mould thoroughly after each use to prevent residue buildup.
- Store the moulds in a dry, cool place to prevent corrosion or damage.

Disposal Instructions

- Dispose of any damaged or worn moulds according to local waste management regulations.
- Do not dispose of materials used in the moulding process in regular trash. Follow local guidelines for hazardous waste disposal.

Contact Information for Further Support

For any safety inquiries or concerns regarding the use of the Lee 6 Cavity Handgun Moulds, please contact the appropriate EUbased support channels.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with your Lee 6 Cavity Handgun Moulds. Always prioritize safety and compliance with local regulations when using this product.
