

# 6 CAVITY HANDGUN MOULDS - LEE PRECISION 45 CALIBER (0.452") 200GR SWC 6-CAVITY MOLD

[Reloading](#) > [Bullet Casting](#) > [Casting Moulds](#) > [Handgun Moulds](#)

The Lee 6 Cavity Handgun moulds are made for heavy duty volume production. Moulds and blocks have steel bushings and alignment pins for lasting precision. Price includes a cam operated sprue plate to eliminate the pounding common to ordinary moulds. The sprue plate is hard anodized and held down with wave washers at each end. All Lee mould blocks are made from aluminum because of its exceptional moulding qualities. All mould cavities are CNC machined for unmatched roundness and size control. Does not include handles.

## Attributes

- Name: [LEE PRECISION 45 CALIBER \(0.452"\) 200GR SWC 6-CAVITY MOLD](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 100053331
- Mfr. No.: 90310
- Bullet Style: Semi-Wadcutter (SWC)
- Bullet Weight (Grains): 200
- Caliber: 45 Caliber
- Cavities: 6
- Diameter (in): 0.452
- Delivery weight: 0.522kg
- Shipping height: 48mm
- Shipping width: 110mm
- Shipping length: 340mm
- UPC: 734307903107

# Safety Instruction Guide for Lee 6 Cavity Handgun Moulds

## Introduction

Thank you for choosing the Lee 6 Cavity Handgun Mould for your reloading needs. This product is designed for heavyduty volume production of highquality bullets. To ensure safe and effective use of this mould, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always use the mould in a wellventilated area to avoid inhalation of fumes from melting lead.
- Keep the mould out of reach of children and unauthorized users.
- Wear appropriate personal protective equipment (PPE), including safety goggles and heatresistant gloves, when operating the mould.
- Ensure that your work area is clean and free from clutter to prevent accidents.
- Regularly inspect the mould for any signs of damage or wear before use.
- If you notice any irregularities during operation, cease use immediately and inspect the mould.

## Specific Safety Precautions for Use

- **Hazard Identification:**

- The mould reaches high temperatures during use, which can cause burns.
- Lead exposure may occur if proper safety measures are not followed.
- Sharp edges on the mould can cause cuts or injuries.

- **Avoiding Hazards:**

- Always allow the mould to cool down completely before handling.
- Use lead ingots that are free from contaminants to minimize the risk of toxic fumes.
- Do not eat, drink, or smoke while using the mould to prevent ingestion of lead particles.
- Ensure that all electrical equipment used in conjunction with the mould is properly grounded.

## Instructions for Installation and Usage

- **Installation:**

- Secure the mould to a stable work surface using appropriate clamps or bolts.
- Ensure that the sprue plate is properly attached and can operate freely.

- **Usage:**

- Preheat the mould by placing it on a hot plate or using a lead pot. Follow the manufacturer's instructions regarding temperature settings.
- Once preheated, carefully pour molten lead into the cavities, taking care not to overfill.
- Allow the lead to cool and solidify before removing bullets from the mould.
- Use a mallet or similar tool to gently tap the sprue plate to release any stuck bullets.
- Clean the mould regularly to prevent lead buildup and maintain performance.

## **Disposal Instructions**

- Dispose of any unused or excess lead in accordance with local regulations.
- Do not dispose of lead in regular household waste.
- Ensure that all waste materials are handled safely to prevent environmental contamination.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and use of the Lee 6 Cavity Handgun Mould, please refer to the manufacturer's contact information provided with the product.

Please remember to report any unsafe products or incidents to the appropriate authorities and check for recall updates on the EU's Safety Gate platform. Your safety is our priority, and we appreciate your attention to these guidelines. Thank you for choosing Lee Precision.
