

6 CAVITY HANDGUN MOULDS - LEE PRECISION 38 CALIBER (0.358") 105GR SWC 6-CAVITY MOLD

[Reloading](#) > [Bullet Casting](#) > [Casting Moulds](#) > [Handgun Moulds](#)

The Lee 6 Cavity Handgun moulds are made for heavy duty volume production. Moulds and blocks have steel bushings and alignment pins for lasting precision. Price includes a cam operated sprue plate to eliminate the pounding common to ordinary moulds. The sprue plate is hard anodized and held down with wave washers at each end. All Lee mould blocks are made from aluminum because of its exceptional moulding qualities. All mould cavities are CNC machined for unmatched roundness and size control. Does not include handles.

Attributes

- Name: [LEE PRECISION 38 CALIBER \(0.358"\) 105GR SWC 6-CAVITY MOLD](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 100053332
- Mfr. No.: 90315
- Bullet Style: Semi-Wadcutter (SWC)
- Bullet Weight (Grains): 105
- Caliber: 357 Caliber, 38 Caliber
- Cavities: 6
- Diameter (in): 0.358
- Delivery weight: 0.476kg
- Shipping height: 46mm
- Shipping width: 112mm
- Shipping length: 343mm
- UPC: 734307903152

Safety Instruction Guide for Lee Precision 6 Cavity Handgun Moulds

Introduction

Thank you for choosing the Lee Precision 6 Cavity Handgun Moulds. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your moulds. Please read this document carefully before using the product.

General Safety Guidelines

- Always follow the safety guidelines provided in this manual.
- Ensure that the mould is used in a wellventilated area to avoid inhalation of any fumes.
- Keep the mould and its components out of reach of children and vulnerable individuals.
- Inspect the mould for any damage or defects before use.
- Use protective gear, such as gloves and safety goggles, when handling the mould and during the casting process.
- Be aware of the potential hazards associated with molten metal and hot surfaces.

Specific Safety Precautions for Use

- **Hot Surfaces:** The mould will become extremely hot during use. Use heatresistant gloves and avoid direct contact with skin.
- **Molten Metal:** Handle molten metal with caution. Ensure that you are familiar with the safe handling procedures for casting.
- **Proper Ventilation:** Always work in a wellventilated area to minimize exposure to fumes.
- **Storage:** Store the mould in a dry place to prevent rust and deterioration.
- **Usage Limitations:** Do not exceed the recommended temperature limits for the mould materials.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your workspace is clean and organized.
- Gather all necessary tools and materials, including your casting equipment and safety gear.

2. Setting Up the Mould:

- Place the mould on a stable, heatresistant surface.
- Ensure that the camoperated sprue plate is properly aligned and functioning.

3. Casting Process:

- Preheat the mould according to the manufacturer's recommendations.
- Pour the molten metal into the cavities, ensuring not to overfill.
- Allow the metal to cool and solidify as per the specified cooling time.

4. Removing Castings:

- Once the castings have cooled, carefully open the mould.
- Use appropriate tools to remove the castings without damaging them or the mould.

5. Cleaning and Maintenance:

- Clean the mould after each use to prevent residue buildup.
- Inspect for any wear or damage and address any issues before the next use.

Disposal Instructions

- Dispose of any broken or unusable mould parts according to local regulations.
- Do not dispose of molten metal or hazardous materials in regular waste. Follow local guidelines for hazardous waste disposal.

Contact Information for Further Support

For any inquiries or concerns regarding the safety and use of your Lee Precision 6 Cavity Handgun Moulds, please refer to the contact information provided with your product packaging or visit the manufacturer's website.

Thank you for your attention to these safety guidelines. By following these instructions, you can ensure a safe and successful experience with your Lee Precision 6 Cavity Handgun Moulds.
